EVALUATOR MANUAL TRANSMITTAL SHEET

Distribution:

| X | All Child Care Evaluator Manual Holders |
|   | All Residential Care Evaluator Manual Holders |
|   | All Evaluator Manual Holders |

Transmittal No. 12 APX-08
Date Issued October 2012

Subject:
Residential Care Facilities for the Elderly (RCFE) Act of 2012

Reason for Change:
To incorporate into the Evaluator Manual all additions and amendments to the Health and Safety Code that were made during the 2011 Legislative Session

Please note:
1) Underlined text indicates additions or changes in 2011
2) *** indicates something was deleted in 2012

Filing Instructions:
REMOVE - 2010 Residential Care Facilities for the Elderly Act
INSERT - 2012 Residential Care Facilities for the Elderly Act

Approved:

THOMAS STAHL Chief
Policy Development Bureau
Community Care Licensing Division

§ 1569. Short title

This chapter shall be known and may be cited as the California Residential Care Facilities for the Elderly Act.

§ 1569.1. Legislative findings and intent

The Legislature hereby finds and declares:
(a) The Legislature has taken steps in recent years to develop a continuum of long-term social and health support services for older persons in the community that provide a range of options for long-term care and residential care facilities for the elderly are central in that continuum.
(b) These efforts require a reevaluation of residential care for the elderly outside the constraints of the Community Care Facilities Act.
(c) The Community Care Facilities Act was enacted in 1973 with the primary purpose of ensuring that residents of state hospitals would have access to safe, alternative community-based housing.
(d) Since that time, due to shortages in affordable housing and a greater demand for residences for the elderly providing some care and supervision, a growing number of elderly persons with health and social care needs now reside in community care facilities that may or may not be designed to meet their needs.
(e) Progress in the field of gerontology has provided new insights and information as to the types of services required to allow older persons to remain as independent as possible while residing in a residential care facility for the elderly.
(f) The fluctuating health and social status of older persons demands a system of residential care that can respond to these needs by making available multilevels of service within the facility, thus reducing the need for residents with fluctuating conditions to move between medical and nonmedical facilities.
(g) Residential care facilities for the elderly which are not primarily medically oriented represent a humane approach to meeting the housing, social and service needs of older persons, and can provide a homelike environment for older persons with a variety of care needs.
(h) It is, therefore, the intent of the Legislature to require that residential care facilities for the elderly be licensed as a separate category within the existing licensing structure of the State Department of Social Services.

§ 1569.2. Definitions

As used in this chapter:
(a) "Administrator" means the individual designated by the licensee to act on behalf of the licensee in the overall management of the facility. The licensee, if an
individual, and the administrator may be one and the same person.

(b) "Care and supervision" means the facility assumes responsibility for, or provides or promises to provide in the future, ongoing assistance with activities of daily living without which the resident's physical health, mental health, safety or welfare would be endangered. Assistance includes assistance with taking medications, money management, or personal care.

(c) "Department" means the State Department of Social Services.

(d) "Director" means the Director of Social Services.

(e) "Health-related services" mean services that shall be directly provided by an appropriate skilled professional, including a registered nurse, licensed vocational nurse, physical therapist, or occupational therapist.

(f) "Instrumental activities of daily living" means any of the following: housework, meals, laundry, taking of medication, money management, appropriate transportation, correspondence, telephoning, and related tasks.

(g) "License" means a basic permit to operate a residential care facility for the elderly.

(h) "Personal activities of daily living" means any of the following: dressing, feeding, toileting, bathing, grooming, and mobility and associated tasks.

(i) "Personal care" means assistance with personal activities of daily living, to help provide for and maintain physical and psychosocial comfort.

(j) "Protective supervision" means observing and assisting confused residents, including persons with dementia, to safeguard them against injury.

(k) "Residential care facility for the elderly" means a housing arrangement chosen voluntarily by persons 60 years of age or over, or their authorized representative, where varying levels and intensities of care and supervision, protective supervision, or personal care are provided, based upon their varying needs, as determined in order to be admitted and to remain in the facility. Persons under 60 years of age with compatible needs may be allowed to be admitted or retained in a residential care facility for the elderly as specified in Section 1569.316.

This subdivision shall be operative only until the enactment of legislation implementing the three levels of care in residential care facilities for the elderly pursuant to Section 1569.70.

(l) "Residential care facility for the elderly" means a housing arrangement chosen voluntarily by persons 60 years of age or over, or their authorized representative, where varying levels and intensities of care and supervision, protective supervision, personal care, or health-related services are provided, based upon their varying needs, as determined in order to be admitted and to remain in the facility. Persons under 60 years of age with compatible needs may be allowed to be admitted or retained in a residential care facility for the elderly as specified in Section 1569.316.

This subdivision shall become operative upon the enactment of legislation implementing the three levels of care in residential care facilities for the elderly pursuant to Section 1569.70.

(m) "Sundowning" means a condition in which persons with cognitive impairment experience recurring confusion, disorientation, and increasing levels of agitation that coincide with the onset of late afternoon or early evening.

(n) "Supportive services" means resources available to the resident in the
community that help to maintain their functional ability and meet their needs as identified in the individual resident assessment. Supportive services may include any of the following: medical, dental, and other health care services; transportation; recreational and leisure activities; social services; and counseling services.

§ 1569.3. Transfer of licenses

The license of any facility licensed as a residential facility for the elderly under the California Community Care Facilities Act provided for in Chapter 3 (commencing with Section 1500) on January 1, 1986, shall automatically be transferred for the unexpired term of the license to licensure as a residential care facility for the elderly under this chapter.

§ 1569.5. Regulations authorizing temporary respite care for frail elderly persons etc.; liability coverage; responsibility for routine medical care and medication management; fees

The director shall adopt regulations authorizing residential care facilities for the elderly, as defined in Section 1569.2, to fill unused capacity on a short-term, time-limited basis to provide temporary respite care for frail elderly persons, functionally impaired adults, or mentally disordered persons who need 24-hour supervision and who are being cared for by a caretaker or caretakers. The regulations shall address provisions for liability coverage and the level of facility responsibility for routine medical care and medication management, and may require screening of persons to determine the level of care required, a physical history completed by the person's personal physician, and other alternative admission criteria to protect the health and safety of persons applying for respite care. The regulations shall permit these facilities to charge a fee for the services provided, which shall include, but not be limited to, supervision, room, leisure activities, and meals.

No facility shall accept persons in need of care beyond the level of care for which that facility is licensed.

§ 1569.7. Sundowning information

Residential care facilities for the elderly that serve residents with Alzheimer's disease and other forms of dementia should include information on sundowning as part of the training for direct care staff, and should include in the plan of operation a brief narrative description explaining activities available for residents to decrease the effects of sundowning, including, but not limited to, increasing outdoor activities in appropriate weather conditions.

ARTICLE 2. Licensing

§ 1569.10. Residential facility for the elderly; license or permit; necessity

No person, firm, partnership, association, or corporation within the state and no state or local public agency shall operate, establish, manage, conduct, or maintain a residential facility for the elderly in this state without a current valid license or current
valid special permit therefor, as provided in this chapter.

§ 1569.11. Inspection and transferability of license

The department shall inspect and license residential care facilities for the elderly. A license is not transferable.

§ 1569.12. Consulting services for identification of deficiencies in care

The department may provide consulting services upon request to any residential care facility for the elderly to assist in the identification or correction of deficiencies and in the upgrading of the quality of care provided by the facility.

§ 1569.13. Delegated responsibilities; Federal grants-in-aid; residential care facilities for the elderly

(a) The department may contract for state, county, or other public agencies to assume specified licensing, approval, or consultation responsibilities. In exercising the authority so delegated, these agencies shall conform to the requirements of this chapter and to the rules, regulations, and standards of the department. The department shall reimburse agencies for services performed pursuant to this section, and the payments shall not exceed actual cost.

If any grants-in-aid are made by the federal government for the support of any inspection or consultation service approved by the department, the amount of the federal grant shall first be applied to defer the cost of the service before state reimbursement is made.

(b) The department may contract with any county for the purposes of having the county assume the responsibility within the county for the licensing and regulation of residential care facilities for the elderly serving six or fewer persons. Prior to the department contracting with any county for the licensing and regulation of residential care facilities for the elderly serving six or fewer persons, the department shall develop uniform standards which specify and delineate the responsibilities of contracting counties and the department. The department shall reimburse the county for the services performed, not to exceed the actual cost, out of the funds allocated to the department for the licensing and regulation of those facilities. The county shall conform to the requirements of this chapter and to the rules, regulations, and standards of the department.

§ 1569.14. License sale or exchange for commercial gain

No license issued pursuant to this chapter shall have any property value for sale or exchange purposes and no person, including any owner, agent, or broker, shall sell or exchange any license for any commercial purpose.
§ 1569.145. Application of chapter

This chapter shall not apply to any of the following:

(a) A health facility, as defined by Section 1250.

(b) A clinic, as defined by Section 1200.

(c) A facility conducted by and for the adherents of a well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of that church or denomination.

(d) A house, institution, hotel, congregate housing project for the elderly, or other similar place that is limited to providing one or more of the following: housing, meals, transportation, housekeeping, or recreational and social activities; or that have residents independently accessing supportive services; provided, however, that no resident thereof requires an element of care and supervision or protective supervision as determined by the director. This subdivision shall not include a home or residence that is described in subdivision (f).

(e) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(f)(1) An arrangement for the care and supervision of a person or persons by a family member.

(2) An arrangement for the care and supervision of a person or persons from only one family by a close friend, whose friendship preexisted the contact between the provider and the recipient, and both of the following are met:

(A) The care and supervision is provided in a home or residence chosen by the recipient.

(B) The arrangement is not of a business nature and occurs only as long as the needs of the recipient for care and supervision are adequately met.

(g)(1)(A) Any housing occupied by elderly or disabled persons, or both, that is approved and operated pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), or whose mortgage is insured pursuant to Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or that receives mortgage assistance pursuant to Section 221d (3) of Public Law 87-70 (12 U.S.C. Sec. 17151), where supportive services are made available to residents at their option, as long as the project owner or operator does not contract for or provide the supportive services.

(B) Any housing that qualifies for a low-income housing credit pursuant to Section 252 of Public Law 99-514 (26 U.S.C. Sec. 42) or that is subject to the requirements for rental dwellings for low-income families pursuant to Section 8 of Public Law 93-383 (42 U.S.C. Sec. 1437f), and that is occupied by elderly or disabled persons, or both, where supportive services are made available to residents at their option, as long as the project owner or operator does not contract for or provide the supportive services.

(2) The project owner or operator to which paragraph 1 applies may coordinate, or help residents gain access to, the supportive services, either directly, or through a service coordinator.
(h) A similar facility determined by the director.

(i) For purposes of this section, "family member" means a spouse, by marriage or otherwise, child or stepchild, by natural birth or by adoption, parent, brother, sister, half-brother, half-sister, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle, first cousin, or a person denoted by the prefix "grand" or "great," or the spouse of one of these persons.

(j) A person shall not be exempted from this chapter's licensure requirements if he or she has been appointed as conservator of the person, estate of the person, or both, if the person is receiving care and supervision from the conservator as regulated by this chapter, unless the conservator is otherwise exempted under other provisions of this section.

§ 1569.147. Rent control; exemption

(a) Nothing in this chapter authorizes the imposition of rent regulations or controls for licensed residential care facilities for the elderly.

(b) Licensed residential care facilities for the elderly are not subject to controls on rent imposed by any state or local agency or other local government entity.

§ 1569.149. Fire clearance approval; condition for licensure; notice to prospective applicants

A prospective applicant for licensure shall be notified at the time of the initial request for information regarding application for licensure that, prior to obtaining licensure, the facility shall secure and maintain a fire clearance approval from the local fire enforcing agency, as defined in Section 13244, or the State Fire Marshal, whichever has primary fire protection jurisdiction. The prospective applicant shall be notified of the provisions of Section 13235, relating to the fire safety clearance application. The prospective applicant for licensure shall be notified that the fire clearance shall be in accordance with state and local fire safety regulations.

§ 1569.15. License application; information required

Any person desiring issuance of a license for a residential care facility for the elderly under this chapter shall file with the department, pursuant to regulations, an application on forms furnished by the department, which shall include, but not be limited to:

(a) Evidence satisfactory to the department of the ability of the applicant to comply with this chapter and of rules and regulations adopted under this chapter by the department.

(b) Evidence satisfactory to the department that the applicant is of reputable and responsible character. The evidence shall include, but not be limited to, a criminal record clearance pursuant to Section 1569.17, employment history, and character references. If the applicant is a firm, association, organization, partnership, business trust, corporation, or company, like evidence shall be submitted as to the members or shareholders thereof, and the person in charge of the residential care facility for the
elderly which application for issuance of license or special permit is made.

(c) Evidence satisfactory to the department that the applicant has sufficient financial resources to maintain the standards of service required by regulations adopted pursuant to this chapter.

(d) Disclosure of the applicant's prior or present service as an administrator, general partner, corporate officer or director of, or as a person who has held or holds a beneficial ownership of 10 percent or more in, any residential care facility for the elderly or in any facility licensed pursuant to Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), or Chapter 3 (commencing with Section 1500).

(e) Disclosure of any revocation or other disciplinary action taken, or in the process of being taken, against a license held or previously held by the entities specified in subdivision (c).

(f) Any other information as may be required by the department for the proper administration and enforcement of this chapter.

(g) Failure of the applicant to cooperate with the licensing agency in the completion of the application shall result in the denial of the application. Failure to cooperate means that the information described in this section and in regulations of the department has not been provided, or not provided in the form requested by the licensing agency, or both.

(h) Following the implementation of Article 7 (commencing with Section 1569.70) evidence satisfactory to the department of the applicant's ability to meet regulatory requirements for the level of care the facility intends to provide.

(i) Evidence satisfactory to the department of adequate knowledge of supportive services and other community supports which may be necessary to meet the needs of elderly residents.

(j) A signed statement that the person desiring issuance of a license has read and understood the residential care facility for the elderly statute and regulations.

(k) Designation by the applicant of the individual who shall be the administrator of the facility, including, if the applicant is an individual, whether or not the licensee shall also be the administrator.

(l) Evidence of successfully completing a certified prelicensure education program pursuant to Section 1569.23.

(m) For any facility that promotes or advertises or plans to promote or advertise special care, special programming, or special environments for persons with dementia, disclosure to the department of the special features of the facility in its plan of operation.

§ 1569.150. Application for additional license; possession of current license; provisional license; expedited procedures

(a) The department and the licensing agencies with which it contracts for licensing shall review and make a final determination within 60 days of an applicant's submission of a complete application on all applications for a license to operate a residential care facility for the elderly if the applicant possesses a current valid license to operate a residential care facility for the elderly at another site. Applicants shall note on the application, or in a cover letter to the application, that they possess a current valid
license at another site, and the number of that license.

(b) The department shall request a fire safety clearance from the appropriate fire marshal within five days of receipt of an application described in subdivision (a). The applicant shall be responsible for requesting and obtaining the required criminal record clearances.

(c) If the department for any reason is unable to comply with subdivision (a), it shall, within 60 days of receipt of the application described in subdivision (a), grant a provisional license to the applicant to operate for a period not to exceed six months, except as provided in subdivision (d). While the provisional license is in effect, the department shall continue its investigation and make a final determination on the application before the provisional license expires. The provisional license shall be granted, provided the department knows of no life safety risks, the criminal records clearances, if applicable, are complete, and the fire safety clearance is complete. The director may extend the term of a provisional license for an additional six months at the time of the application, if the director determines that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, and if all other requirements for a license have been met.

(d) If the department does not issue a provisional license pursuant to subdivision (c), the department shall issue a notice to the applicant identifying whether the provisional license has not been issued due to the existence of a life safety risk, lack of a fire safety clearance, lack of a criminal records clearance, failure to complete the application, or any combination of these reasons. If a life safety risk is identified, the risk preventing the issuance of the provisional license shall be clearly explained. If a lack of the fire safety clearance is identified, the notice shall include the dates on which the department requested the clearance and the current status of that request, and the fire marshal's name and telephone number to whom a fire safety clearance request was sent. The department shall identify the names of individuals for whom criminal records clearances are lacking. If failure to complete the application is identified, the notice shall list all of the forms or attachments that are missing or incorrect. This notice shall be sent to the applicant no later than 60 days after the applicant filed the application. If the reasons identified in the notice are corrected, the department shall issue the provisional license within five days after the corrections are made.

(e) The department shall, immediately after January 1, 1993, develop expedited procedures necessary to implement subdivisions (a), (b), (c), and (d).

(f) The department shall, immediately after January 1, 1993, develop an appeal procedure for applicants under this section for both denial of licenses and delay in processing applications.

§ 1569.151. Application from person selling deposit subscriptions on life care contracts; review; preliminary approval

Upon receipt of an application to operate a residential care facility for the elderly from an applicant who is also applying or intends to apply for a permit to sell deposit subscriptions on life care contracts pursuant to Chapter 10 (commencing with Section
1770), the department shall review the application for licensure to determine the applicant's ability and intent to meet all statutory and regulatory requirements for a residential care facility for the elderly.

Upon determination that the applicant has provided satisfactory evidence of ability and intent, the department shall issue a preliminary approval for licensure, for purposes of the applicant obtaining a permit to sell deposit subscriptions for life care contracts. Preliminary approval does not guarantee that a license will be issued by the department.

§ 1569.1515. Corporate applicant; directors or officers; related facilities; license issuance or revocation

(a) A corporation that applies for licensure with the department shall list the facilities that any member of the board of directors, the executive director, or an officer has been licensed to operate, been employed in, or served as a member of the board of directors, the executive director, or an officer.

(b) The department shall not issue a provisional license or license to any corporate applicant that has a member of the board of directors, the executive director, or an officer who is not eligible for licensure pursuant to Sections 1569.16 and 1569.59.

(c) The department may revoke the license of any corporate licensee that has a member of the board of directors, the executive director, or an officer who is not eligible for licensure pursuant to Sections 1569.16 and 1569.59.

(d) Prior to instituting an administrative action pursuant to either subdivision (b) or (c), the department shall notify the applicant or licensee of the person's ineligibility to be a member of the board of directors, an executive director, or an officer of the applicant or licensee, and shall give the applicant or licensee 15 days to remove the person from that position.

§ 1569.152. Safeguard of resident property; reimbursement for failure to make reasonable efforts; presumption; penalty

(a) A residential care facility for the elderly, as defined in Section 1569.2, which fails to make reasonable efforts to safeguard resident property shall reimburse a resident for or replace stolen or lost resident property at its then current value. The facility shall be presumed to have made reasonable efforts to safeguard resident property if the facility has shown clear and convincing evidence of its efforts to meet each of the requirements specified in Section 1569.153. The presumption shall be a rebuttable presumption, and the resident or the resident's representative may pursue this matter in any court of competent jurisdiction.

(b) A civil penalty shall be levied if the residential care facility for the elderly has no program in place or if the facility has not shown clear and convincing evidence of its efforts to meet all of the requirements set forth in Section 1569.153. The State Department of Social Services shall issue a deficiency in the event that the manner in which the policies have been implemented is inadequate or the individual facility situation warrants additional theft and loss protections.

(c) The department shall not determine that a facility's program is inadequate
based solely on the occasional occurrence of theft or loss in a facility.

§ 1569.153. Theft and loss program; standards; property inventories and surrender of personal effects; secured areas

A theft and loss program shall be implemented by the residential care facilities for the elderly within 90 days after January 1, 1989. The program shall include all of the following:

(a) Establishment and posting of the facility’s policy regarding theft and investigative procedures.

(b) Orientation to the policies and procedures for all employees within 90 days of employment.

(c) Documentation of lost and stolen resident property with a value of twenty-five dollars ($25) or more within 72 hours of the discovery of the loss or theft and, upon request, the documented theft and loss record for the past 12 months shall be made available to the State Department of Social Services, law enforcement agencies and to the office of the State Long-Term Care Ombudsman in response to a specific complaint. The documentation shall include, but not be limited to, the following:
   (1) A description of the article.
   (2) Its estimated value.
   (3) The date and time the theft or loss was discovered.
   (4) If determinable, the date and time the loss or theft occurred.
   (5) The action taken.

(d) A written resident personal property inventory is established upon admission and retained during the resident's stay in the residential care facility for the elderly. Inventories shall be written in ink, witnessed by the facility and the resident or resident's representative, and dated. A copy of the written inventory shall be provided to the resident or the person acting on the resident's behalf. All additions to an inventory shall be made in ink, and shall be witnessed by the facility and the resident or resident's representative, and dated. Subsequent items brought into or removed from the facility shall be added to or deleted from the personal property inventory by the facility at the written request of the resident, the resident's family, a responsible party, or a person acting on behalf of a resident. The facility shall not be liable for items which have not been requested to be included in the inventory or for items which have been deleted from the inventory. A copy of a current inventory shall be made available upon request to the resident, responsible party, or other authorized representative. The resident, resident's family, or a responsible party may list those items which are not subject to addition or deletion from the inventory, such as personal clothing or laundry, which are subject to frequent removal from the facility.

(e) Inventory and surrender of the resident's personal effects and valuables upon discharge to the resident or authorized representative in exchange for a signed receipt.

(f) Inventory and surrender of personal effects and valuables following the death of a resident to the authorized representative in exchange for a signed receipt. Immediate written notice to the public administrator of the county upon the death of a resident whose heirs are unable or unwilling to claim the property as specified in
Chapter 20 (commencing with Section 1140) of Division 3 of the Probate Code.

(g) Documentation, at least semiannually, of the facility's efforts to control theft and loss, including the review of theft and loss documentation and investigative procedures and results of the investigation by the administrator and, when feasible, the resident council.

(h) Establishment of a method of marking, to the extent feasible, personal property items for identification purposes upon admission and, as added to the property inventory list, including engraving of dentures and tagging of other prosthetic devices.

(i) Reports to the local law enforcement agency within 36 hours when the administrator of the facility has reason to believe resident property with a then current value of one hundred dollars ($100) or more has been stolen. Copies of those reports for the preceding 12 months shall be made available to the State Department of Social Services and law enforcement agencies.

(j) Maintenance of a secured area for residents' property which is available for safekeeping of resident property upon the request of the resident or the resident's responsible party. Provide a lock for the resident's bedside drawer or cabinet upon request of and at the expense of the resident, the resident's family, or authorized representative. The facility administrator shall have access to the locked areas upon request.

(k) A copy of this section and Sections 1569.152 and 1569.154 is provided by a facility to all of the residents and their responsible parties, and, available upon request, to all of the facility's prospective residents and their responsible parties.

(l) Notification to all current residents and all new residents, upon admission, of the facility's policies and procedures relating to the facility's theft and loss prevention program.

(m) Only those residential units in which there are no unrelated residents and where the unit can be secured by the resident or residents are exempt from the requirements of this section.

§ 1569.154. Contracts of admission; lesser standard of responsibility prohibited

No provision of a contract of admission, which includes all documents which a resident or his or her representative is required to sign at the time of, or as a condition of, admission to a residential care facility for the elderly, shall require or imply a lesser standard of responsibility for the personal property of residents than is required by law.

§ 1569.155. Rules and regulations; Provision and upkeep of regulations

Upon initial licensure, residential care facilities for the elderly shall be provided a printed copy of all applicable regulations by the department, without charge. All licensees shall subscribe to the appropriate regulation subscription service and are responsible for keeping current on changes in regulatory requirements.

§ 1569.156. Advance directives relating to provision of health care

(a) A residential care facility for the elderly shall do all of the following:

(1) Not condition the provision of care or otherwise discriminate based on
whether or not an individual has executed an advance directive, consistent with applicable laws and regulations.

(2) Provide education to staff on issues concerning advance directives.

(3) Provide written information, upon admission, about the right to make decisions concerning medical care, including the right to accept or refuse medical or surgical treatment and the right, under state law, to formulate advance directives.

(4) Provide written information about policies of the facility regarding the implementation of the rights described in paragraph (3).

(b) For purposes of this section, "advance directive" means an "advance health care directive," as defined in Section 4605 of the Probate Code, or some other form of instruction recognized under state law specifically addressing the provision of health care.

§ 1569.157. Resident-oriented facility council

(a) Every licensed residential care facility for the elderly, at the request of a majority of its residents, shall assist the residents in establishing and maintaining a resident-oriented facility council. The council shall be composed of residents of the facility and may include family members of residents of the facility. The council may, among other things, make recommendations to facility administrators to improve the quality of daily living in the facility and may negotiate to protect residents' rights with facility administrators.

(b) A violation of subdivision (a) shall not be subject to the provisions of Section 1569.40, but shall be subject to any other provision of this chapter.

§ 1569.158. Family councils

(a) No residential care facility for the elderly may prohibit the formation of a family council, and, when requested by a member of the resident's family or the resident's responsible party, the family council shall be allowed to meet in a common meeting room of the facility during mutually agreed upon hours.

(b) Facility policies on family councils shall in no way limit the right of residents and family members to meet independently with outside persons, including members of nonprofit or government organizations or with facility personnel during nonworking hours.

(c) "Family council" for the purpose of this section means a meeting of family members, friends, responsible parties, or agents as defined in Section 14110.8 of the Welfare and Institutions Code of two or more patients to confer in private without facility staff.

(d) Family councils shall also be provided adequate space on a prominent bulletin board or other posting area for the display of meeting notices, minutes, and newsletters.

§ 1569.159. Telephone services and equipment; notice to residents of availability

The State Department of Social Services shall provide to residential care facilities
for the elderly a form, which the residential care facility for the elderly shall attach to each resident admission agreement, notifying the resident that he or she is entitled to obtain services and equipment from the telephone company. The form shall include the following information:

"Any hearing or speech impaired, or otherwise disabled resident of any residential care facility for the elderly is entitled to equipment and service by the telephone company, pursuant to Section 2881 of the Public Utilities Code, to improve the quality of their telecommunications. Any resident who has a declaration from a licensed professional, or a state or federal agency pursuant to Section 2881 of the Public Utilities Code, that he or she is hearing or speech impaired or otherwise disabled, should contact the local telephone company and ask for assistance in obtaining this equipment and service."

This section shall not be construed to require, in any way, the licensee to provide a separate telephone line for any resident.

§ 1569.16. Prior license revocation or denial; effect

(a)(1) If an application for a license indicates, or the department determines during the application review process, that the applicant previously was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3 (commencing with Section 1500), Chapter 3.01 (commencing with Section 1568.01), Chapter 3.4 (commencing with Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30) and the prior license was revoked within the preceding two years, the department shall cease any further review of the application until two years have elapsed from the date of the revocation. All residential care facilities for the elderly are exempt from the health planning requirements contained in Part 2 (commencing with Section 127125) of Division 107.

(2) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant previously was issued a certificate of approval by a foster family agency that was revoked by the department pursuant to subdivision (b) of Section 1534 within the preceding two years, the department shall cease any further review of the application until two years shall have elapsed from the date of the revocation.

(3) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant was excluded from a facility licensed by the department pursuant to Section 1558, 1568.092, 1569.58, or 1596.8897, the department shall cease any further review of the application unless the excluded individual has been reinstated pursuant to Section 11522 of the Government Code by the department.

(b) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant had previously applied for a license under any of the chapters listed in paragraph (1) of subdivision (a) and the application was denied within the last year, the department shall, except as provided in Section 1569.22, cease further review of the application until one year has elapsed from the date of the denial letter. In those circumstances where denials are
appealed and upheld at an administrative hearing, review of the application shall cease for one year from the date of the decision and order being rendered by the department. The cessation of review shall not constitute a denial of the application.

(c) If an application for a license or special permit indicates, or the department determines during the application review process, that the applicant had previously applied for a certificate of approval with a foster family agency and the department ordered the foster family agency to deny the application pursuant to subdivision (b) of Section 1534, the department shall cease further review of the application as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall cease further review of the application until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall cease further review of the application until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(3) The department may continue to review the application if it has determined that the reasons for the denial of the application were due to circumstances and conditions that either have been corrected or are no longer in existence.

(d) The cessation of review shall not constitute a denial of the application for purposes of Section 1526 or any other law. (Editor’s Note: Should be Section 1569.22.)

§ 1569.17. Fingerprint and criminal records of individuals in contact with clients; exemptions; criminal records clearances

The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients’ health and safety. An individual shall be required to obtain either a criminal record clearance or a criminal record exemption from the State Department of Social Services before his or her initial presence in a residential care facility for the elderly.

(a)(1) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in subdivision (c) of Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated.

(2) The criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code.

(3) The following shall apply to the criminal record information:
(A) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(B) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services may cease processing the application until the conclusion of the trial.

(C) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(D) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(E) An applicant and any other person specified in subdivision (b) shall submit fingerprint images and related information to the Department of Justice, and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1569.50. The department may also suspend the license pending an administrative hearing pursuant to Sections 1569.50 and 1569.51.

(b) In addition to the applicant, the provisions of this section shall apply to criminal convictions of the following persons:

(1)(A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility. Residents of unlicensed independent senior housing facilities that are located in contiguous buildings on the same property as a residential care facility for the elderly shall be exempt from these requirements.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for the elderly. The facility shall maintain the copy of the certification on file as long as the care is being
provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for the elderly pursuant to Section 1569.58.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in a similar capacity.

(F) Additional officers of the governing body of the applicant or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person’s capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from requirements applicable under paragraph (1):

(A) A spouse, relative, significant other, or close friend of a client shall be exempt if this person is visiting the client or provides direct care and supervision to that client only.

(B) A volunteer to whom all of the following apply:
   (i) The volunteer is at the facility during normal waking hours.
   (ii) The volunteer is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption.
   (iii) The volunteer spends no more than 16 hours per week at the facility.
   (iv) The volunteer does not provide clients with assistance in dressing, grooming, bathing, or personal hygiene.
   (v) The volunteer is not left alone with clients in care.

(C) A third-party contractor retained by the facility if the contractor is not left alone with clients in care.

(D) A third-party contractor or other business professional retained by a client and at the facility at the request or by permission of that client. These individuals may not be left alone with other clients.

(E) Licensed or certified medical professionals are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(F) Employees of licensed home health agencies and members of licensed hospice interdisciplinary teams who have contact with a resident of a residential care facility at the request of the resident or resident’s legal decision maker are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(G) Clergy and other spiritual caregivers who are performing services in common areas of the residential care facility, or who are advising an individual resident at the request of, or with permission of, the resident, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption does not apply to a person who is a community care facility licensee or an employee of the facility.

(H) Any person similar to those described in this subdivision, as defined by the
department in regulations.

(I) Nothing in this paragraph shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(c)(1)(A) Subsequent to initial licensure, any person required to be fingerprinted pursuant to subdivision (b) shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprint images and related information to the Department of Justice and the Federal Bureau of Investigation, through the Department of Justice, for a state and federal level criminal offender record information search or to comply with paragraph (1) of subdivision (g) prior to the person's employment, residence, or initial presence in the residential care facility for the elderly.

(B) These fingerprint images and related information shall be electronically transmitted in a manner approved by the State Department of Social Services and the Department of Justice. A licensee's failure to submit fingerprint images and related information to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50. The State Department of Social Services may assess civil penalties for continued violations as permitted by Section 1569.49. The licensee shall then submit these fingerprint images to the State Department of Social Services for processing. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. The Department of Justice shall notify the department, as required by Section 1522.04, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50. The department may assess civil penalties for continued violations as permitted by Section 1569.49.

(2) Within 14 calendar days of the receipt of the fingerprint images, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprint images. If new fingerprint images are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprint images, notify the licensee that the fingerprint images were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee
shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If the State Department of Social Services determines, on the basis of the fingerprint images submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, 273d, 273g, or 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly, or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall result in a citation of deficiency and an immediate assessment of civil penalties by the department against the licensee, in the amount of one hundred dollars ($100) per violation per day for a maximum of five days, unless the violation is a second or subsequent violation within a 12-month period in which case the civil penalties shall be in the amount of one hundred dollars ($100) per violation for a maximum of 30 days, and shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d)(1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, when the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or
by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services may not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f)(1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, an exemption may not be granted pursuant to this subdivision if the conviction was for any of the following offenses:

(A) An offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (c) of Section 290, or Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(B) A felony offense specified in Section 729 of the Business and Professions Code or Section 206 or 215, subdivision (a) of Section 347, subdivision (b) of Section 417, or subdivision (a) of Section 451 of the Penal Code.

(2) The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(3) The department may not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g)(1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal record clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been
processed through a state licensing district office, and is being transferred to another facility licensed by a state licensing district office. The request shall be submitted in writing to the department, and shall include a copy of the person’s driver’s license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) Notwithstanding any other provision of law, the department may provide an individual with a copy of his or her state or federal level criminal offender record information search response as provided to that department by the Department of Justice if the department has denied a criminal background clearance based on this information and the individual makes a written request to the department for a copy specifying an address to which it is to be sent. The state or federal level criminal offender record information search response shall not be modified or altered from its form or content as provided by the Department of Justice and shall be provided to the address specified by the individual in his or her written request. The department shall retain a copy of the individual’s written request and the response and date provided.

§ 1569.171. Criminal record; persons completing administrator certification program

Prior to issuance to any person of a certificate of completion of the administrator certification program pursuant to Section 1569.616, the department shall secure from an appropriate law enforcement agency a criminal record to determine if the person has been convicted of a crime other than a minor traffic violation. Based upon the criminal record information received, the department shall take appropriate action as provided for in Section 1569.17.

§ 1569.172. Criminal record information; department of justice fee

The Department of Justice may charge a fee sufficient to cover its cost in providing services in accordance with Section 1569.17 to comply with the 14-day requirement for provision to the department of the criminal record information, as contained in subdivision (c) of Section 1569.17.
§ 1569.175. Facilities for six or fewer persons with nonresident owners; procedure for response to incidents and complaints

(a) In addition to any other requirements of this chapter, any residential care facility for the elderly providing residential care for six or fewer persons at which the owner does not reside shall provide a procedure approved by the licensing agency for immediate response to incidents and complaints. This procedure shall include a method of assuring that the owner, licensee, or person designated by the owner or licensee is notified of the incident, that the owner, licensee, or person designated by the owner or licensee has personally investigated the matter, and that the person making the complaint or reporting the incident has received a response of action taken or a reason why no action needs to be taken.

(b) In order to assure the opportunity for complaints to be made directly to the owner, licensee, or person designated by the owner or licensee, and to provide the opportunity for the owner, licensee, or person designated by the owner or licensee to meet residents and learn of problems in the neighborhood, any facility with a nonresident owner shall establish a fixed time on a weekly basis when the owner, licensee, or person designated by the owner or licensee will be present.

(c) Facilities with nonresident owners shall establish procedures to comply with the requirements of this section on or before July 1, 1987.

§ 1569.185. Fees for license or applications; use of revenues; collected; denial or forfeiture

(a) An application fee adjusted by facility and capacity shall be charged by the department for the issuance of a license to operate a residential care facility for the elderly. After initial licensure, a fee shall be charged by the department annually on each anniversary of the effective date of the license.

The fees are for the purpose of financing activities specified in this chapter. Fees shall be assessed as follows:

(b)(1) In addition to fees set forth in subdivision (a), the department shall charge the following fees:

(A) A fee that represents 50 percent of an established application fee when an existing licensee moves the facility to a new physical address.

(B) A fee that represents 50 percent of the established application fee when a corporate licensee changes who has the authority to select a majority of the board of directors.

(C) A fee of twenty-five dollars ($25) when an existing licensee seeks to either increase or decrease the licensed capacity of the facility.

(D) An orientation fee of fifty dollars ($50) for attendance by any individual at a department-sponsored orientation session.

(E) A probation monitoring fee equal to the annual fee, in addition to the annual fee for that category and capacity for each year a license has been placed on probation as a result of a stipulation or decision and order pursuant to the administrative adjudication procedures of the Administrative Procedure Act (Chapter 4.5 (commencing with Section 11400) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

(F) A late fee that represents an additional 50 percent of the established annual fee when any licensee fails to pay the annual licensing fee on or before the due date as indicated by postmark on the payment.

(G) A fee to cover any costs incurred by the department for processing payments including, but not limited to, bounced check charges, charges for credit and debit transactions, and postage due charges.

(H) A plan of correction fee of two hundred dollars ($200) when any licensee does not implement a plan of correction on or prior to the date specified in the plan.

(2) No local jurisdiction shall impose any business license, fee, or tax for the privilege of operating a facility licensed under this chapter which serves six or fewer persons.

(c)(1) The revenues collected from licensing fees pursuant to this section shall be utilized by the department for the purpose of ensuring the health and safety of all individuals provided care or supervision by licensees and to support the activities of the licensing programs, including, but not limited to, monitoring facilities for compliance with licensing laws and regulations pursuant to this chapter, and other administrative activities in support of the licensing program, when appropriated for these purposes. The revenues collected shall be used in addition to any other funds appropriated in the annual Budget Act in support of the licensing program.

(2) The department shall not utilize any portion of these revenues sooner than 30 days after notification in writing of the purpose and use, as approved by the Department of Finance, to the chairperson of the Joint Legislative Budget Committee, and the chairpersons of the committee in each house that considers appropriations for each
fiscal year. The department shall submit a budget change proposal to justify any positions or any other related support costs on an ongoing basis.

(d) A residential care facility for the elderly may use a bona fide business check to pay the license fee required under this section.

(e) The failure of an applicant for licensure or a licensee to pay all applicable and accrued fees and civil penalties shall constitute grounds for denial or forfeiture of a license.

§ 1569.19. Renewed period; filing of renewal application; forfeiture by operation of law

A license shall be forfeited by operation of law prior to its expiration date when one of the following occurs:

(a) The licensee sells or otherwise transfers the facility or facility property, except when change of ownership applies to transferring of stock when the facility is owned by a corporation and when the transfer of stock does not constitute a majority change in ownership. The sale of a facility shall be subject to the requirements of this chapter.

(b) The licensee surrenders the license to the department.

(c) The licensee moves a facility from one location to another. The department shall develop regulations to ensure that the facilities are not charged a full licensing fee and do not have to complete the entire application process when applying for a license for the new location.

(d) The licensee is convicted of an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a, Section 273d, 288, or 289 of the Penal Code, or is convicted of another crime specified in subdivision (c) of Section 667.5 of the Penal Code.

(e) The licensee dies. When a licensee dies, the continued operation shall be subject to the requirements of Section 1569.193.

(f) The licensee abandons the facility.

§ 1569.191. Sale of licensed facility; resulting issuance of new license; procedure

(a) Notwithstanding Section 1569.19, in the event of a sale of a licensed facility where the sale will result in a new license being issued, the sale and transfer of property and business shall be subject to both of the following:

1) The licensee shall provide written notice to the department and to each resident or his or her legal representative of the licensee’s intent to sell the facility at least 30 days prior to the transfer of the property or business, or at the time that a bona fide offer is made, whichever period is longer.

2) The licensee shall, prior to entering into an admission agreement, inform all residents, or their legal representatives, admitted to the facility after notification to the department, of the licensee’s intent to sell the property or business.

(b) Except as provided in subdivision (e), the property and business shall not be transferred until the buyer qualifies for a license or provisional license within the appropriate provisions of this chapter.
(1) The seller shall notify, in writing, a prospective buyer of the necessity to obtain a license, as required by this chapter, if the buyer's intent is to continue operating the facility as a residential care facility for the elderly. The seller shall send a copy of this written notice to the licensing agency.

(2) The prospective buyer shall submit an application for a license, as specified in Section 1569.15, within five days of the acceptance of the offer by the seller.

(c) No sale of the facility shall be permitted until 30 days have elapsed from the date upon which notice has been provided pursuant to paragraphs (1) and (2) of subdivision (a).

(d) The department shall give priority to applications for licensure that are submitted pursuant to this section in order to ensure timely transfer of the property and business. The department shall make a decision within 60 days after a complete application is submitted on whether to issue a license pursuant to Section 1569.15.

(e) If the parties involved in the transfer of the property and business fully comply with this section, then the transfer may be completed and the buyer shall not be considered to be operating an unlicensed facility while the department makes a final determination on the application for licensure.

(f) Facilities that are subject to Chapter 10 (commencing with Section 1770) of Division 2, including Section 1789.4, shall not be subject to paragraph (1) of subdivision (a), and subdivisions (c) and (d).

§ 1569.193. Death of licensee; continued operation of facility; designated responsible party; conditions; procedures

(a) When a licensee dies, an adult relative, or other nonrelated adult, who has control of the property may be designated as the responsible party to continue operation of the facility if the following conditions are met:

(1) The licensee has filed a notarized written statement with the department designating the responsible party in the event of death, and the licensee has submitted the following information to the department:

(A) A notarized statement, signed by the designee acknowledging acceptance of designation as responsible party.

(B) A declaration signed by the designee under penalty of perjury regarding any prior criminal convictions.

(2) The designee files an application for licensure pursuant to Section 1569.15 within 20 working days of the date of death, shows evidence satisfactory to the department that he or she has the ability to operate the facility, and provides evidence of the licensee’s death.

(b) A designee under this section shall notify the department of the licensee's death by the close of business on the department's next business day following the licensee's death.

(c)(1) If the designee decides not to apply for licensure, he or she shall notify the department of that decision within five working days of the licensee's death. If the designee decides not to apply, the department shall assist the designee in the development and implementation of a relocation plan.

(2) If the designee decides to apply for licensure, the department shall decide
within 60 days after the application is submitted whether to issue a provisional license pursuant to Section 1569.21. A provisional license shall be granted only if the department is satisfied that the conditions specified in subdivision (a) have been met and that the health and safety of the residents of the facility will not be jeopardized.

(d) If the designee complies with this section, he or she shall not be considered to be operating an unlicensed facility while the department decides whether to grant the provisional license.

1569.194. Licensed residential care facility for elderly; providing disaster and mass casualty plans

(a) Every residential care facility for the elderly that is licensed or has a valid special permit therefor pursuant to Section 1569.10 shall provide a copy of the disaster and mass casualty plan required pursuant to Section 87223 of Title 22 of the California Code of Regulations to any fire department, law enforcement agency, or civil defense or other disaster authority in the area or community in which the facility is located, upon request by the fire department, law enforcement agency, or civil defense or other disaster authority. Section 1569.40 shall not apply to this section.

(b) The department is not required to monitor compliance with this section as part of its regulatory monitoring functions.

§ 1569.20. Initial license application; completeness determination; fire clearance; prelicensure survey; issuance of license; notice of deficiencies

Upon the filing of the application for issuance of an initial license, the department shall, within five working days of the filing, make a determination regarding the completeness of the application. If the application is complete, the department shall immediately request a fire clearance and notify the applicant to arrange a time for the department to conduct a prelicensure survey. If the application is incomplete, the department shall notify the applicant and request the necessary information. Within 60 days of making a determination that the file is complete, the department shall make a determination whether the application is in compliance with this chapter and the rules and regulations of the department and shall either immediately issue the license or notify the applicant of the deficiencies. The notice shall specify whether the deficiencies constitute denial of the application or whether further corrections for compliance will likely result in approval of the application.

§ 1569.21. Provisional licenses

The director may issue provisional licenses to operate residential care facilities for the elderly for the facilities which the director determines are in substantial compliance with this chapter and the rules and regulations adopted pursuant thereto; provided, that no life safety risks are involved, as determined by the director. In determining whether any life safety risks are involved, the director shall require completion of all applicable fire clearances and criminal record clearances as otherwise required by the department's rules and regulations. This provisional license shall expire
six months from the date of issuance, or at such earlier time as the director may
determine, and may not be renewed. However, the director may extend the term of a
provisional license for an additional six months at time of application, if it is determined
that more than six months will be required to achieve full compliance with licensing
standards due to circumstances beyond the control of the applicant; provided, that all
other requirements for a license have been met.

§ 1569.22. Notice of license denial; petition for hearing

Immediately upon the denial of any application for a license, the department shall
notify the applicant in writing. Within 15 days after the department mails the notice, the
applicant may present his or her written petition for a hearing to the department. Upon
receipt by the department of the petition in proper form, the petition shall be set for
hearing. The proceedings shall be conducted in accordance with Chapter 5
(commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government
Code, and the department has all the powers granted therein.

§ 1569.23. Approved certification program as licensure prerequisite; program
content; written test; regulations; application of section; chief executive officer or
designated administrator of facility providing evidence of successful completion

(a) As a requirement for licensure, the applicant shall demonstrate that he or she
has successfully completed a certification program approved by the department.

(b) The certification program shall be for a minimum of 40 hours of classroom
instruction and include a uniform core of knowledge which shall include all of the
following:
(1) Law, regulations, policies, and procedural standards that impact the
operations of residential care facilities for the elderly.
(2) Business operations.
(3) Management and supervision of staff.
(4) Psychosocial need of the elderly residents.
(5) Physical needs for elderly residents.
(6) Community and support services.
(7) Use, misuse, and interaction of drugs commonly used by the elderly.
(8) Resident admission, retention, and assessment procedures.

(c) Successful completion of the certification program shall be demonstrated by
passing a written test and submitting a fee of one hundred dollars ($100) to the
department for the issuance of a certificate of completion.

(d) The department shall establish by regulation the program content, the testing
instrument, process for approving certification programs, and criteria to be used for
authorizing individuals or organizations to conduct certification programs. These
regulations shall be developed with the participation of provider organizations.

(e) This section shall apply to all applications for licensure unless the applicant
provides evidence that he or she has a current license for another residential care
facility for the elderly which was initially licensed prior to July 1, 1989, or has
successfully completed an approved certification program within the prior five years.
(f) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, or other person serving in a like capacity, or the designated administrator of the facility shall provide evidence of successfully completing an approved certification program.

§ 1569.235. Orientation prerequisite

As a requirement for licensure, the applicant shall attend an orientation given by the department which outlines the applicable rules and regulations, and the scope and responsibility for operation of a residential care facility for the elderly.

§ 1569.24. Inspection to evaluate compliance with regulations; remedial action

Within 90 days after a facility accepts its first resident for placement, following its initial licensure, the department shall inspect the facility to evaluate compliance with rules and regulations and to assess the facility's continuing ability to meet regulatory requirements. The licensee shall notify the department within five business days after accepting its first resident for placement, that the facility has commenced operating. The department may take appropriate remedial action as provided for in this chapter.

ARTICLE 3. Regulations

§ 1569.30. Power of department to adopt, amend or repeal rules, regulations and standards

(a) The department shall adopt, amend, or repeal, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, reasonable rules, regulations, and standards as may be necessary or proper to carry out the purposes and intent of this chapter and to enable the department to exercise the powers and perform the duties conferred upon it by this chapter, not inconsistent with any statute of this state.

(b) The regulations governing residential facilities for the elderly under the Community Care Facilities Act (Chapter 3 (commencing with Section 1500)) shall continue to govern residential care facilities for the elderly under this act until amended or repealed.

§ 1569.31. Regulations to prescribe standards of care; faith healing in church-operated facilities

The regulations for a license shall prescribe standards of safety and sanitation for the physical plant and standards for basic care and supervision, personal care, and services to be provided.

The department's regulations shall allow for the development of new and innovative community programs.

In adopting regulations which implement this chapter, the department shall
provide flexibility to allow facilities conducted by and exclusively for adherents of a well-recognized church or religious denomination who rely solely on prayer or spiritual means for healing to operate a licensed residential care facility for the elderly.

§ 1569.312. Basic services requirements

Every facility required to be licensed under this chapter shall provide at least the following basic services:

(a) Care and supervision as defined in Section 1569.2.
(b) Assistance with instrumental activities of daily living in the combinations which meet the needs of residents.
(c) Helping residents gain access to appropriate supportive services, as defined, in the community.
(d) Being aware of the resident's general whereabouts, although the resident may travel independently in the community.
(e) Monitoring the activities of the residents while they are under the supervision of the facility to ensure their general health, safety, and well-being.
(f) Encouraging the residents to maintain and develop their maximum functional ability through participation in planned activities.

§ 1569.313. Residential care facilities for the elderly; family visits and communication policy; statement on client information or admission agreement form and patient’s rights form

Each residential care facility for the elderly shall state, on its client information form or admission agreement, and on its patient’s rights form, the facility’s policy concerning family visits and other communication with resident clients and shall promptly post notice of its visiting policy at a location in the facility that is accessible to residents and families.

The facility's policy concerning family visits and communication shall be designed to encourage regular family involvement with the resident client and shall provide ample opportunities for family participation in activities at the facility.

§ 1569.314. Purchasing of medications; rent, and supplies or equipment; facility requirements; prohibitions; policies and procedures

A residential care facility for the elderly shall not require residents to purchase medications, or rent or purchase medical supplies or equipment, from any particular pharmacy or other source.

This section shall not preclude a residential care facility for the elderly from requiring that residents who need assistance with the purchasing, storing, or taking of medications comply with the facility's policies and procedures regarding storage of medications and methods of assisting residents with the taking of medications, if the policies and procedures are reasonably necessary and meet the intent of state or federal regulations.
§ 1569.315. Records of licensed facilities

Each facility required to be licensed shall keep a current record of all of the following:
(a) Clients in the facility, including each client’s name and ambulatory status.
(b) The name and telephone number of each client's physician.
(c) The name, address, and telephone number of any person or agency responsible for the care of a client.

The facility shall respect the privacy and confidentiality of this information.

§ 1569.316. Client placement; Information regarding history of dangerous propensity; confidentiality; compatibility factors

(a) The referring agency or facility, or its designee, shall provide to the administrator all information in its possession concerning any history of dangerous propensity of the client prior to the placement in the residential care facility for the elderly. However, no confidential client information shall be released pursuant to this section without the consent of the client or his or her authorized representative.
(b) In determining a person's compatibility, the licensee shall consider criteria that includes, but is not limited to, both of the following:
(1) The extent to which the person's personal and health care needs can be adequately met in the residential care facility for the elderly.
(2) The existence of a past history of violence or mental illness that would create a risk for the person or other residents of that facility.

§ 1569.32. Spot inspections

Any duly authorized officer, employee, or agent of the department may, upon presentation of proper identification, enter and inspect any place providing personal care, supervision, and services at any time, with or without advance notice, to secure compliance with, or to prevent a violation of, this chapter.

§ 1569.33. Unannounced visits; notification of deficiencies; compliance; reports

(a) Every licensed residential care facility for the elderly shall be subject to unannounced visits by the department. The department shall visit these facilities as often as necessary to ensure the quality of care provided.
(b) The department shall conduct an annual unannounced visit of a facility under any of the following circumstances:
(1) When a license is on probation.
(2) When the terms of agreement in a facility compliance plan require an annual evaluation.
(3) When an accusation against a licensee is pending.
(4) When a facility requires an annual visit as a condition of receiving federal financial participation.
(5) In order to verify that a person who has been ordered out of the facility for the
elderly by the department is no longer at the facility.

(c)(1) The department shall conduct annual unannounced visits to no less than 20 percent of facilities not subject to an evaluation under subdivision (b). These unannounced visits shall be conducted based on a random sampling methodology developed by the department.

(2) If the total citations issued by the department exceed the previous year's total by 10 percent, the following year the department shall increase the random sample by 10 percent of the facilities not subject to an evaluation under subdivision (b). The department may request additional resources to increase the random sample by 10 percent.

(d) Under no circumstance shall the department visit a residential care facility for the elderly less often than once every five years.

(e) The department shall notify the residential care facility for the elderly in writing of all deficiencies in its compliance with the provisions of this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the facility.

(f) Reports on the results of each inspection, evaluation, or consultation shall be kept on file in the department, and all inspection reports, consultation reports, lists of deficiencies, and plans of correction shall be open to public inspection.

(g) As a part of the department's evaluation process, the department shall review the plan of operation, training logs, and marketing materials of any residential care facility for the elderly that advertises or promotes special care, special programming, or a special environment for persons with dementia to monitor compliance with Sections 1569.626 and 1569.627.

§ 1569.335. Violations and appeals; notice to placement agencies

The department shall notify affected placement agencies and the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, whenever the department substantiates that a violation has occurred which poses a serious threat to the health and safety of any resident when the violation results in the assessment of any penalty or causes an accusation to be filed for the revocation of a license. If the violation is appealed by the facility within 10 days, the department shall only notify placement agencies of the violation when the appeal has been exhausted. If the appeal process has not been completed within 60 days, the placement agency shall be notified with a notation which indicates that the case is still under appeal. The notice to each placement agency shall be updated monthly for the following 24-month period and shall include the name and location of the facility, the amount of the fine, the nature of the violation, the corrective action taken, the status of the revocation, and the resolution of the complaint.

§ 1569.34. Professional advisers; authority to contract for personal services

The director shall have the authority to contract for personal services as required in order to perform inspections of, or consultation with, residential care facilities for the elderly.
The department shall establish by December 1, 1986, within the department an interdisciplinary team of professionals to advise the department on implementation of this chapter and to be available in crisis situations to assist local licensing evaluators on the needs of elderly residents in facilities.

This team shall include at least a geriatric nurse practitioner or a public health nurse with geriatric experience and a social worker with related experience.

§ 1569.345. Inspection reports; authorized copies

Upon request, the department shall provide the Office of the State Long-Term Care Ombudsman and any approved organizations of the office with copies of inspection reports for residential care facilities for the elderly.

§ 1569.35. Request for inspection; notice of violation; identification of complainant; notice of proposed course of action

(a) Any person may request an inspection of any residential care facility for the elderly in accordance with this chapter by transmitting to the department notice of an alleged violation of applicable requirements prescribed by statutes or regulations of this state, including, but not limited to, a denial of access of any person authorized to enter the facility pursuant to Section 9722 of the Welfare and Institutions Code. A complaint may be made either orally or in writing.

(b) The substance of the complaint shall be provided to the licensee no earlier than at the time of the inspection. Unless the complainant specifically requests otherwise, neither the substance of the complaint provided the licensee nor any copy of the complaint or any record published, released, or otherwise made available to the licensee shall disclose the name of any person mentioned in the complaint except the name of any duly authorized officer, employee, or agent of the department conducting the investigation or inspection pursuant to this chapter.

(c) Upon receipt of a complaint, other than a complaint alleging denial of a statutory right of access to a residential care facility for the elderly, the department shall make a preliminary review and, unless the department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection within 10 days after receiving the complaint except where the visit would adversely affect the licensing investigation or the investigation of other agencies, including, but not limited to, law enforcement agencies. In either event, the complainant shall be promptly informed of the department's proposed course of action.

(d) Upon receipt of a complaint alleging denial of a statutory right of access to a residential facility for the elderly, the department shall review the complaint. The complainant shall be notified promptly of the department's proposed course of action.

§ 1569.351. Plan of correction; requirements; identification of violations with direct, immediate, risk to residents; final conclusions

(a) The department shall ensure that the licensee's plan of correction is verifiable and measurable. The plan of correction shall specify what evidence is acceptable to
establish that a deficiency has been corrected. This evidence shall be included in the department’s facility file.

(b) The department shall specify in its licensing report all violations that, if not corrected, will have a direct and immediate risk to the health, safety, or personal rights of residents in care.

(c) The department shall complete all complaint investigations and place a note of final conclusion in the department's facility file, regardless of whether the licensee voluntarily surrendered the license.

§ 1569.355. Automated license information system

The director shall establish an automated license information system on licensees and former licensees of licensed residential care facilities for the elderly. The system shall maintain a record of any information that may be pertinent, as determined by the director, for licensure under this chapter. This information may include, but is not limited to, the licensees' addresses, telephone numbers, violations of any laws related to the care of clients in a residential care facility for the elderly, licenses, revocation of any licenses and, to the extent permitted by federal law, social security numbers.

§ 1569.36. Transmission to department of aging ombudsman of substantiated complaint notice copies prior to license expiration; public inspection of records

(a) Not less than 30 days prior to the expiration date of any residential care facility for the elderly license, the department shall transmit a copy to the state ombudsman in the Department of Aging as well as the local ombudsman, if one exists, of all notices sent to the facility by the department during the term of the current license as a result of a substantiated complaint regarding a violation of any of the provisions of this chapter relating to resident abuse and neglect, food, sanitation, incidental medical care, and residential supervision. During that one-year period the copy of the notices transmitted and the proof of the transmittal shall be open for public inspection.

(b) The department shall provide the names and addresses of the state ombudsman in the Department of Aging and, where applicable, the local ombudsman, to each residential care facility for the elderly.

§ 1569.37. Whistle blowers; retaliation

No licensee shall discriminate or retaliate in any manner against any person receiving the services of such licensee's residential care facility for the elderly, or against any employee of the licensee’s facility, on the basis, or for the reason that, the person or employee or any other person has initiated or participated in an inspection pursuant to Section 1569.35.

§ 1569.38. Posting of licensing reports; disclosure to new residents; written notice of proceedings to suspend or revoke license or criminal action brought against facility; contents; penalties
Each residential care facility for the elderly shall place in a conspicuous place copies of all licensing reports issued by the department within the preceding 12 months, and all licensing reports issued by the department resulting from the most recent annual visit of the department to the facility. This subdivision shall not apply to any portion of a licensing report referring to a complaint that was found by the department to be unfounded or unsubstantiated. The facility, during the admission process, shall inform the resident and the resident's responsible person in writing that licensing reports are available for review at the facility, and that copies of licensing reports and other documents pertaining to the facility are available from the appropriate district office of the department. The facility shall provide the telephone number and address of the appropriate district office.

(b) A licensed residential care facility for the elderly shall provide written notice to a resident, the resident's responsible party, if any, and the local long-term care ombudsman, within 10 days from the occurrence of either of the following events:

(1) The department commences proceedings to suspend or revoke the license of the facility pursuant to Section 1569.50.
(2) A criminal action that relates to the health or safety of the residents is brought against the licensed residential care facility.

(c) The notice provided to a resident and the resident's responsible party, if any, shall include the name and contact information for the local long-term care ombudsman and for the Community Care Licensing Division of the department with a statement that directs the resident or the resident's responsible party to contact the division for information on the license status of the facility.

(d) The notice, described in subdivision (b), provided to a resident and the resident's responsible party, if any, shall include the reason given for the commencement of proceedings to suspend or revoke the license of the facility, or the reason given for criminal action brought against the licensed residential care facility.

(e) Upon providing the notice described in subdivision (b), the licensed residential care facility shall also post a written notice, in at least 14-point type, in a conspicuous location in the facility, that may include where the mail boxes are located, where the facility license is posted, or any other easily accessible location in the facility. The posting shall include all of the following information:

(1) The date of the notice.
(2) The name of the residential care facility for the elderly.
(3) A statement that a copy of the most recent licensing report prepared by the department, and any additional reports of facility evaluation visits, within the preceding 12 months, may be obtained at the facility.
(4) The name and telephone number of the contact person designated by the Community Care Licensing Division of the department to provide information on the license status of the facility.

(f) The notice required to be posted pursuant to subdivision (e) shall remain posted until the deficiencies that gave rise to the notice are resolved.

(g) A licensee who fails to comply with the requirements of subdivision (b) or (c) shall be liable for civil penalties in the amount of one hundred dollars ($100) for each day of the failure to provide notification as required in this section. The total civil penalty for each day shall not exceed one hundred dollars ($100) regardless of the number of
notices that the licensee fails to send that day. The total civil penalty for a continuous violation of subdivision (b) or (c) shall not exceed five thousand dollars ($5,000).

(h) For purposes of this section, "responsible party" means an individual, including the patient’s relative, health care surrogate decisionmaker, or a placement agency, who assists the resident in placement or assumes varying degrees of responsibility for the well-being of the resident, as designated by the resident in writing.

ARTICLE 4. Offenses

§ 1569.40. Misdemeanor; punishment; summons to appear in court; separate offenses; concurrent enforcement of civil penalties or administrative remedies; additional punishment

(a) Any person who violates this chapter, or who willfully or repeatedly violates any rule or regulation adopted under this chapter, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed one year, or by both the fine and imprisonment.

(b) Operation of a residential care facility for the elderly without a license shall be subject to a summons to appear in court. Unlicensed operation, establishment, management, conducting, or maintaining of a facility as prohibited by Section 1569.10 is a separate and distinct offense of this section and is punishable as a misdemeanor.

(c) A misdemeanor may be prosecuted regardless of any concurrent enforcement of civil penalties or administrative remedies available to the department.

(d) Notwithstanding any other provision of this chapter, any person, firm, partnership, association, or corporation who owns, operates, establishes, manages, conducts, or maintains a residential care facility for the elderly, as defined in subdivisions (k) and (l) of Section 1569.2 which is an unlicensed residential care facility for the elderly as defined in subdivision (a) of Section 1569.44 is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not exceeding two thousand five hundred dollars ($2,500), by imprisonment in the county jail for a period not to exceed one year, or by both the fine and imprisonment.

§ 1569.405. Violations; penalties; notice

Upon a finding by the licensing authority that a facility is in operation without a license, a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may enforce Section 1569.10 by utilizing the procedures set forth in Chapter 5 (commencing with Section 853.5) of Title 3 of Part 2 of the Penal Code. A facility violating Section 1569.10 is guilty of an infraction punishable by a fine of two hundred dollars ($200) for each day of violation. Upon a determination that a residential care facility for the elderly is in violation of Section 1569.10, and after a citation has been issued, the peace officer shall immediately notify the licensing authority in the department.
§ 1569.406. Informing facility of impending unannounced site visit; misdemeanor

Any person who, without lawful authorization from a duly authorized officer, employee, or agent of the department, informs an owner, operator, employee, agent, or resident of a residential care facility for the elderly of an impending and unannounced site visit to that facility by personnel of the department, except for a site visit prior to licensing the facility, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

§ 1569.41. Injunction against violation or threatened violation

The director may bring an action to enjoin the violation or threatened violation of Section 1569.10 or 1569.44, or both, in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss. Upon a finding by the director that the violations threaten the health or safety of persons in, or served by, a residential care facility for the elderly, the agency contracted with pursuant to Section 1569.13 may bring an action to enjoin the violation, threatened violation, or continued violation by any residential care facility for the elderly which is located in an area for which it is responsible pursuant to the terms of the contract.

With respect to any and all actions brought pursuant to this section alleging actual violation of Section 1569.10 or 1569.44, or both, the court shall, if it finds the allegations to be true, issue its order enjoining the residential care facility for the elderly from continuance of the violation.

§ 1569.42. Abatement of proceedings; unaffected by transfer of ownership of facilities

Any action brought by the director against a residential care facility for the elderly shall not abate by reason of a sale or other transfer of ownership of the residential care facility for the elderly which is a party to the action except with express written consent of the director.

§ 1569.43. Prosecution of actions for violations

Notwithstanding any other provisions of this chapter, the district attorney of every county, and city attorneys in those cities which have city attorneys which prosecute misdemeanors pursuant to Section 72193 of the Government Code, shall, upon their own initiative or upon application by the state department or its authorized representative, institute and conduct the prosecution of any action for violation of this chapter within his or her jurisdiction.
§ 1569.44. Unlicensed residential care facility for the elderly; definition; operation without license prohibited; procedure upon discovery

(a) A facility shall be deemed to be an "unlicensed residential care facility for the elderly" and "maintained and operated to provide residential care" if it is unlicensed and not exempt from licensure, and any one of the following conditions is satisfied:

1. The facility is providing care and supervision, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.
2. The facility is held out as, or represented as, providing care and supervision, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.
3. The facility accepts or retains residents who demonstrate the need for care and supervision, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.
4. The facility represents itself as a licensed residential facility for the elderly.

(b) No unlicensed residential facility for the elderly, as defined in subdivision (a), shall operate in this state.

(c) Upon discovery of an unlicensed residential care facility for the elderly, the department shall refer residents to the appropriate placement or adult protective services agency or the appropriate local or state long-term care ombudsman, if either of the following conditions exist:

1. There is an immediate threat to the clients' health and safety.
2. The facility will not cooperate with the licensing agency to apply for a license, meet licensing standards, and obtain a valid license.

§ 1569.45. Mandatory licensing of facilities offering care and supervision to the elderly

A facility shall be licensed as a residential care facility for the elderly if it offers care and supervision, as defined, to its residents. Every residential care facility for the elderly in this state shall be licensed under this chapter.

§ 1569.46. Operation of unlicensed facility as unfair competition and unfair business practice

Operation of an unlicensed facility shall be an act of unfair competition and an unfair business practice within the meaning of Chapter 5 (commencing with Section 17200) of the Business and Professions Code.

§ 1569.47. Placement agencies; placement and other duties; relicensed facilities

(a) "Placement agency" means any county welfare department, county social service department, county mental health department, county public guardian, general acute care hospital discharge planner or coordinator, state-funded program or private agency providing placement or referral services, conservator pursuant to Part 3 (commencing with Section 1800) of Division 4 of the Probate Code, conservator
pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code, and regional center for persons with developmental disabilities which is engaged in finding homes or other places for the placement of elderly persons for temporary or permanent care.

(b) A placement agency shall not place individuals in licensed residential care facilities for the elderly when the individual, because of his or her health condition, cannot be cared for within the limits of the license or requires inpatient care in a health facility. Violation of this subdivision is a misdemeanor.

(c) A placement agency or employee of a placement agency shall not place, refer, or recommend placement of a person in a facility providing care and supervision, or protective supervision, unless the facility is licensed as a residential care facility for the elderly or is exempt from licensing under Section 1569.145. Violation of this subdivision is a misdemeanor.

(d) Any employee of a placement agency who knows, or reasonably suspects, that a facility which is not exempt from licensing is operating without a license shall report the name and address of the facility to the department. Failure to report as required by this subdivision is a misdemeanor.

(e) The department shall investigate any report filed under subdivision (d). If the department has probable cause to believe that the facility which is the subject of the report is operating without a license, the department shall investigate the facility within 10 days after receipt of the report.

(f) A placement agency shall notify the appropriate licensing agency of any known or suspected incidents which would jeopardize the health or safety of residents in a residential care facility for the elderly. Reportable incidents include, but are not limited to, all of the following:

1. Incidents of physical abuse.
2. Any violation of personal rights.
3. Any situation in which a facility is unclean, unsafe, unsanitary, or in poor condition.
4. Any situation in which a facility has insufficient personnel or incompetent personnel on duty.
5. Any situation in which residents experience mental or verbal abuse.

§ 1569.48. Emergency resident relocation fund

A fund may be established to which not more than 50 percent of each penalty assessed pursuant to Section 1569.49 is transmitted to the department for use by the Community Care Licensing Division of the department to establish an emergency resident relocation fund to be utilized for the relocation and care of residents when a facility's license is revoked or temporarily suspended, when appropriated by the Legislature. The money in the fund shall cover costs, including, but not limited to, transportation expenses, expenses incurred in notifying family members, and any other costs directly associated with providing continuous care to the residents. The department shall seek the advice of providers in developing a state plan for emergency resident relocation.
§ 1569.485. Civil penalties; Appeals

(a) Notwithstanding any other provision of this chapter, any person who violates Section 1569.10 or 1569.44, or both, shall be assessed by the department an immediate civil penalty in the amount of one hundred dollars ($100) per resident for each day of the violation, unless other remedies available to the department, including criminal prosecution, are deemed more effective by the department.

(b) The civil penalty authorized in subdivision (a) shall be doubled if an unlicensed facility is operated and the operator refuses to seek licensure or the operator seeks licensure and the licensure application is denied and the operator continues to operate the unlicensed facility, unless other remedies available to the department, including criminal prosecution, are deemed more effective by the department.

(c) An operator may appeal the assessment to the director. The department shall adopt regulations setting forth the appeal procedure.

§ 1569.49. Civil penalties

(a) In addition to the suspension, temporary suspension, or revocation of a license issued under this chapter, the department may levy a civil penalty. The department shall adopt regulations setting forth the appeal procedures for deficiencies.

(b) The amount of the civil penalty shall not be less than twenty-five dollars ($25) or more than fifty dollars ($50) per day for each violation of this chapter except where the nature or seriousness of the violation or the frequency of the violation warrants a higher penalty or an immediate civil penalty assessment, or both, as determined by the department. In no event, shall a civil penalty assessment exceed one hundred fifty dollars ($150) per day per violation.

(c) Notwithstanding Section 1569.33, the department shall assess an immediate civil penalty of one hundred fifty dollars ($150) per day per violation for any of the following serious violations:

1. (A) Fire clearance violations, including, but not limited to, overcapacity, ambulatory status, inoperable smoke alarms, and inoperable fire alarm systems. The civil penalty shall not be assessed if the licensee has done either of the following:
   (i) Requested the appropriate fire clearance based on ambulatory, nonambulatory, or bedridden status, and the decision is pending.
   (ii) Initiated eviction proceedings.
   (B) A licensee denied a clearance for bedridden residents may appeal to the fire authority, and, if that appeal is denied, may subsequently appeal to the Office of the State Fire Marshal, and shall not be assessed an immediate civil penalty until the final appeal is decided, or after 60 days has passed from the date of the citation, whichever is earlier.

2. Absence of supervision as required by statute or regulation.

3. Accessible bodies of water, when prohibited in this chapter or regulations adopted pursuant to this chapter.

4. Accessible firearms, ammunition, or both.

5. Refused entry to a facility or any part of a facility in violation of Section 1569.32, 1569.33, or 1569.35.
(6) The presence of an excluded person on the premises.

(d) Notwithstanding Section 1569.33, any residential care facility for the elderly that is cited for repeating the same violation of this chapter within 12 months of the first violation is subject to an immediate civil penalty of one hundred fifty dollars ($150) and fifty dollars ($50) for each day the violation continues until the deficiency is corrected.

(e) Any residential care facility for the elderly that is assessed a civil penalty pursuant to subdivision (d) which repeats the same violation of this chapter within 12 months of the violation subject to subdivision (d) shall be assessed an immediate civil penalty of one thousand dollars ($1,000) and one hundred dollars ($100) for each day the violation continues until the deficiency is corrected.

(f) The department shall adopt regulations implementing this section.

§ 1569.495. Nonexclusive remedies

The civil, criminal, and administrative remedies available to the department pursuant to this article are not exclusive, and may be sought and employed in any combination deemed advisable by the state department to enforce this chapter.

ARTICLE 5. Suspension and Revocation

§ 1569.50. Denial; suspension or revocation of license; grounds; temporary suspension pending hearing

The department may deny an application for a license or may suspend or revoke any license issued under this chapter upon any of the following grounds and in the manner provided in this chapter:

(a) Violation by the licensee of this chapter or of the rules and regulations adopted under this chapter.

(b) Aiding, abetting, or permitting the violation of this chapter or of the rules and regulations adopted under this chapter.

(c) Conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility or the people of the State of California.

(d) The conviction of a licensee, or other person mentioned in Section 1569.17 at any time before or during licensure, of a crime as defined in Section 1569.17.

(e) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services for the care of clients.

The director may temporarily suspend any license, prior to any hearing when, in the opinion of the director, the action is necessary to protect residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date of the temporary suspension and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the
hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

§ 1569.51. Proceedings for suspension, revocation, or denial of license; law governing; standard of proof; hearing; continuance

(a) Proceedings for the suspension, revocation, or denial of a license under this chapter shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the state department shall have all the powers granted by these provisions. In the event of conflict between this chapter and those provisions of the Government Code, the provisions of the Government Code shall prevail.

(b) In all proceedings conducted in accordance with this section, the standard of proof to be applied shall be by the preponderance of the evidence.

(c) If the license is not temporarily suspended pursuant to Section 1569.50, the hearing shall be held within 90 days after receipt of the notice of defense, unless a continuance of the hearing is granted by the department or the administrative law judge. When the matter has been set for hearing only the administrative law judge may grant a continuance of the hearing. The administrative law judge may, but need not, grant a continuance of the hearing, only upon finding the existence of one or more of the following:

(1) The death or incapacitating illness of a party, a representative or attorney of a party, a witness to an essential fact, or of the parent, child, or member of the household of such person, when it is not feasible to substitute another representative, attorney, or witness because of the proximity of the hearing date.

(2) Lack of notice of hearing as provided in Section 11509 of the Government Code.

(3) A material change in the status of the case where a change in the parties or pleadings requires postponement, or an executed settlement or stipulated findings of fact obviate the need for hearing. A partial amendment of the pleadings shall not be good cause for continuance to the extent that the unamended portion of the pleadings is ready to be heard.

(4) A stipulation for continuance signed by all parties or their authorized representatives, including, but not limited to, a representative, which is communicated with the request for continuance to the administrative law judge no later than 25 business days before the hearing.

(5) The substitution of the representative or attorney of a party upon showing that the substitution is required.

(6) The unavailability of a party, representative, or attorney of a party, or witness to an essential fact due to a conflicting and required appearance in a judicial matter if when the hearing date was set, the person did not know and could neither anticipate nor at any time avoid the conflict, and the conflict with request for continuance is
immediately communicated to the administrative law judge.

(7) The unavailability of a party, a representative or attorney of a party, or a material witness due to an unavoidable emergency.

(8) Failure by a party to comply with a timely discovery request if the continuance request is made by the party who requested the discovery.

§ 1569.510. Unannounced visit following temporary suspension or revocation of license; verification that facility is nonoperational

(a) The department shall conduct an unannounced visit to a facility within 30 days after the effective date of a temporary suspension of a license in order to ensure that the facility is nonoperational, unless the department previously has verified that the facility is nonoperational.

(b) The department shall conduct an unannounced visit to a facility within 30 days after the effective date of a revocation of a license in order to ensure that the facility is nonoperational, unless the department previously has verified that the facility is nonoperational.

§ 1569.511. Hearing; testimony of child or similarly vulnerable witnesses outside of presence of respondent; conditions; closed circuit television; Clearing of hearing room

(a) The administrative law judge conducting a hearing under this article may permit the testimony of a child witness, or a similarly vulnerable witness, including a witness who is developmentally disabled, to be taken outside the presence of the respondent or respondents if all of the following conditions exist:

(1) The administrative law judge determines that taking the witness's testimony outside the presence of the respondent or respondents is necessary to ensure truthful testimony.

(2) The witness is likely to be intimidated by the presence of the respondent or respondents.

(3) The witness is afraid to testify in front of the respondent or respondents.

(b) If the testimony of the witness is taken outside of the presence of the respondent or respondents, the department shall provide for the use of one-way closed-circuit television so the respondent or respondents can observe the testimony of the witness. Nothing in this section shall limit a respondent's right of cross-examination.

(c) The administrative law judge conducting a hearing under this section may clear the hearing room of any persons who are not a party to the action in order to protect any witness from intimidation or other harm, taking into account the rights of all persons.

§ 1569.512. Witness under age 12; hearsay testimony

(a)(1) An out-of-court statement made by a minor under 12 years of age who is the subject or victim of an allegation at issue is admissible evidence at an administrative hearing conducted pursuant to this article. The out-of-court statement may be used to
support a finding of fact unless an objection is timely made and the objecting party establishes that the statement is unreliable because it was the product of fraud, deceit, or undue influence. However, the out-of-court statement may not be the sole basis for the finding of fact, unless the adjudicator finds that the time, content, and circumstances of the statement provide sufficient indicia of reliability.

(2) The proponent of the statement shall give reasonable notice to all parties of the intended introduction of the statement at the hearing.

(3) For purposes of this subdivision, an objection is timely if it identifies with reasonable specificity the disputed out-of-court statement and it gives the proponent of the evidence a reasonable period of time to prepare a response to the objection prior to the hearing.

(b) This section shall not be construed to limit the right of any party to the administrative hearing to subpoena a witness whose statement is admitted as evidence or to introduce admissible evidence relevant to the weight of the hearsay evidence or the credibility of the hearsay declarant.

§ 1569.515. Witness fees and mileage; payment of expenses

Notwithstanding Section 11510 of the Government Code, witnesses subpoenaed at the request of the department for a hearing conducted pursuant to this article who attend a hearing may be paid by the department witness fees and mileage as provided by Section 68093 of the Government Code. In addition, the department may pay actual, necessary, and reasonable expenses in an amount not to exceed the per diem allowance payable to a nonrepresented state employee on travel status. The department may pay witness expenses pursuant to this section in advance of the hearing.

§ 1569.52. Withdrawal of license application or suspension, expiration, or forfeiture of license; effect upon investigatory or disciplinary proceedings

The withdrawal of an application for a license after it has been filed with the department shall not, unless the department consents in writing to such withdrawal, deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any such ground.

The suspension, expiration, or forfeiture by operation of law of a license issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.
§ 1569.525. Residential care facilities; temporary suspension of licenses; relocation and transfer of residents or clients

If the director determines that it is necessary to temporarily suspend any license of a residential care facility for the elderly in order to protect the residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety pursuant to Section 1569.50, the department shall make every effort to minimize trauma for the residents.

The department shall contact any local agency that may have placement or advocacy responsibility for the residents of a residential care facility for the elderly after a decision is made to temporarily suspend the license of the facility and prior to its implementation. The department shall work with these agencies to locate alternative placement sites and to contact relatives responsible for the care of these residents.

The department shall use physicians and surgeons and other medical personnel deemed appropriate by the department to provide onsite evaluation of the residents and assist in the transfer.

The department may require the licensee to prepare and submit to the licensing agency a written plan for relocation and compliance with the terms and conditions of the approved plans, and to provide other information as necessary for the enforcement of this section.

§ 1569.53. Reinstatement of suspended or revoked license; notice to county social services; director of suspension, revocation, forfeiture, cancellation or expiration of license

Any license suspended or revoked pursuant to this chapter may be reinstated pursuant to Section 11522 of the Government Code.

Whenever a license issued under this chapter for a residential care facility for the elderly is suspended, revoked, temporarily suspended, forfeited, canceled, or expires, the department shall provide written notice of the occurrence within 10 days to the local director of social services in the county in which the facility is located.

§ 1569.54. Residential care facilities; removal of resident with health condition which cannot be care for within the limits of the license or requires inpatient health facility care; resident’s right to review; hearing; regulations for relocation decisions and review

(a)(1) When the department does not suspend the license of a residential care facility for the elderly pursuant to this article, the department may still order the licensee to remove a resident who has a health condition which cannot be cared for within the limits of the license or requires inpatient care in a health facility as determined by the department.

(2) Where the department determines that the resident's mental or physical condition requires immediate transfer from the facility in order to protect the health and safety of the resident, the department may order the licensee to remove the resident after the department consults with a physician or other medical professional about the
transfer and ways in which transfer trauma can be minimized.

(b)(1) Where the department alleges that a resident has a health condition which cannot be cared for within the limits of the license or requires inpatient care in a health facility, the department shall give notice to the resident, his or her legal representative when appropriate, and the licensee. The notice shall specify a deadline for submitting a written plan for relocation and inform the resident of his or her right for a review and determination by an interdisciplinary team as provided for in Section 1569.34. The resident, or his or her legal representative, shall have three working days to inform the licensee of the request for review. Upon receiving a request from a resident, or his or her legal representative, for a review and determination, the licensee shall forward the request to the department within two working days of receipt. Failure or refusal by the licensee to submit the request for review and determination to the department may be subject to the civil penalties specified in Section 1569.49.

(2) The review and determination shall be completed within 30 days from the date that the resident was initially informed of the need to relocate. If the determination is made that the resident must relocate, the notice shall include a plan for transfer, including attempts to minimize transfer trauma for the resident.

The department may require the licensee to prepare and submit to the licensing agency a written plan for relocation, to comply with the terms and conditions of the approved plans and to provide other information as necessary for the enforcement of this section.

(c) The provisions allowing for a resident's right to a review prior to transfer as provided for in subdivision (b) neither negates the department's authority and responsibility to require an immediate transfer according to paragraph (2) of subdivision (a) when the department finds and provides evidence that the resident must be relocated in order to protect the health and safety of the resident, nor implies any right to a fair hearing pursuant to Chapter 7 (commencing with Section 10950) of Part 2 of Division 9 of the Welfare and Institutions Code.

The department shall specify in regulations the process provided for pursuant to this section for making relocation decisions and for appealing and reviewing these decisions.

§ 1569.545. Repealed by Stats. 2004, c. 193 (S.B.111), section 74

ARTICLE 5.5. Employee Actions

§ 1569.595. Unannounced visit following order of immediate removal or exclusion

The department shall conduct an unannounced visit to a facility within 30 days after the department serves an order of immediate exclusion from the facility upon the licensee or a person subject to immediate removal or exclusion from the facility pursuant to paragraph (3) of subdivision (c) of Section 1569.17 and subdivision (c) of Section 1569.58 in order to ensure that the excluded person is not within the facility, unless the department previously has verified that the excluded person is not within the facility.
ARTICLE 6. Other Provisions

§ 1569.60. Surety bond requirement of licensees handing residents funds

(a) The director shall require as a condition precedent to the issuance of any license for a residential care facility for the elderly, if the licensee handles or will handle any money of a person within the facility, that the applicant for the license file or have on file with the department a bond issued by a surety company admitted to do business in this state in a sum to be fixed by the department based upon the magnitude of the operations of the applicant, but which sum shall not be less than one thousand dollars ($1,000), running to the State of California and conditioned upon his or her faithful and honest handling of the money of persons within the facility.

(b) The failure of any licensee under this chapter to maintain on file with the state department a bond in the amount prescribed by the director or who embezzles the trust funds of a person in the facility shall constitute cause for the revocation of the license.

(c) The provisions of this section shall not apply if the licensee handles moneys of persons within the residential care facility for the elderly in amounts less than fifty dollars ($50) per person and less than five hundred dollars ($500) for all persons in any month.

§ 1569.601. Surety bond requirement exemption

The director may grant a partial or total variance from the bonding requirements of Section 1569.60 for any residential care facility for the elderly if he or she finds that compliance with them is so onerous that a residential care facility for the elderly will cease to operate, and if he or she also finds that money of the persons received or cared for in the facility has been, or will be, deposited in a bank in this state, in a trust company authorized to transact a trust business in this state, or in a savings and loan association in this state, upon condition that the money may not be withdrawn except on authorization of the guardian or conservator of the person.

§ 1569.61. Department file for each facility; disclosure of file

The department shall develop and maintain at each district office a file for each facility in that district, containing all documents regarding the facility that were received or created by the department on or after January 1, 1999, and that are not confidential under other provisions of law. This file shall be available immediately upon the request of any consumer who shall have the right to obtain copies of documents from the file upon the payment of a reasonable charge for the copies.

§ 1569.613. Administrators; qualifications

Any person who becomes an administrator of a residential care facility for the elderly on or after January 1, 1992, shall, at a minimum, comply with all of the following:

(a) Be at least 21 years of age.

(b) Have a valid certificate as an administrator of a residential care facility for the
elderly as required by Section 1569.616, or have submitted the documentation required to obtain a certificate pursuant to subdivision (d) of Section 1569.616.

(c) Have a high school diploma or pass a general educational development test as described in Article 3 (commencing with Section 51420) of Chapter 3 of Part 28 of the Education Code.

(d) Obtain criminal record clearance as provided for in Sections 1569.17 and 1569.171.

§ 1569.616. Administrator certification program; completion required; exemptions; hours of instruction; false representation; offense; renewal, forfeiture, or revocation of certification; fee

(a)(1) An administrator of a residential care facility for the elderly shall be required to successfully complete a department-approved certification program prior to employment.

(2) In those cases where the individual is both the licensee and the administrator of a facility, or a licensed nursing home administrator, the individual shall comply with the requirements of this section unless he or she qualifies for one of the exemptions provided for in subdivision (b).

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility where an individual is functioning as the administrator.

(4) The licensee shall notify the department within 30 days of any change in administrators.

(b) Individuals seeking exemptions under paragraph (2) of subdivision (a) shall meet the following criteria and fulfill the required portions of the certification program, as the case may be:

(1) An individual designated as the administrator of a residential care facility for the elderly who holds a valid license as a nursing home administrator issued in accordance with Chapter 2.35 (commencing with Section 1416) of Division 2 of the Health and Safety Code shall be required to complete the areas in the uniform core of knowledge required by this section that pertain to the law, regulations, policies, and procedural standards that impact the operations of residential care facilities for the elderly, the use, misuse, and interaction of medication commonly used by the elderly in a residential setting, and resident admission, retention, and assessment procedures, equal to 12 hours of classroom instruction. An individual meeting the requirements of this paragraph shall not be required to take a written test.

(2) In those cases where the individual was both the licensee and administrator on or before July 1, 1991, the individual shall be required to complete all the areas specified for the certification program but shall not be required to take the written test required by this section. Those individuals exempted from the written test shall be issued a conditional certification that is valid only for the administrator of the facility for which the exemption was granted.

(A) As a condition to becoming an administrator of another facility the individual shall be required to pass the written test provided for in this section.

(B) As a condition to applying for a new facility license, the individual shall be required to pass the written test provided for in Section 1569.23.
(c)(1) The administrator certification program shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:
   (A) Laws, regulations, and policies and procedural standards that impact the operations of residential care facilities for the elderly.
   (B) Business operations.
   (C) Management and supervision of staff.
   (D) Psychosocial needs of the elderly.
   (E) Community and support services.
   (F) Physical needs for elderly persons.
   (G) Use, misuse, and interaction of medication commonly used by the elderly.
   (H) Resident admission, retention, and assessment procedures.
   (I) Training focused specifically on serving clients with dementia. This training shall be for at least four hours.

(2) Individuals applying for certification under this section shall successfully complete an approved certification program, pass a written test administered by the department within 60 days of completing the program, and submit the documentation required by subdivision (d) to the department within 30 days of being notified of having passed the test. The department may extend these time deadlines for good cause. The department shall notify the applicant of his or her test results within 30 days of administering the test.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:
   (1) A certificate of completion of the administrator training required pursuant to this chapter.
   (2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.
   (3) Documentation of passing the written test or of qualifying for an exemption pursuant to subdivision (b).
   (4) Submission of fingerprints. The department and the Department of Justice shall expedite the criminal record clearance for holders of certificates of completion. The department may waive the submission for those persons who have a current criminal record clearance on file.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a residential care facility for the elderly. Any person willfully making any false representation as being a certified administrator is guilty of a misdemeanor.

(f)(1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 hours of continuing education related to the core of knowledge specified in paragraph (1) of subdivision (c). No more than one-half of the required 40 hours of continuing education necessary to renew the certificate may be satisfied through online courses. All other continuing education hours shall be completed in a classroom setting. For purposes of this section, individuals who hold a valid license as a nursing home administrator issued in accordance with Chapter 2.35 (commencing
with Section 1416) of Division 2 of the Health and Safety Code and meet the
requirements of paragraph (1) of subdivision (b) shall only be required to complete 20
hours of continuing education.

(2) Every certified administrator of a residential care facility for the elderly is
required to renew his or her certificate and shall complete the continuing education
requirements of this subdivision whether he or she is certified according to subdivision
(a) or (b). At least eight hours of the 40-hour continuing education requirement for a
certified administrator of a residential care facility for the elderly shall include instruction
on serving clients with dementia, including, but not limited to, instruction related to direct
care, physical environment, and admission procedures and assessment.

(3) Certificates issued under this section shall expire every two years, on the
anniversary date of the initial issuance of the certificate, except that any administrator
receiving his or her initial certification on or after January 1, 1999, shall make an
irrevocable election to have his or her recertification date for any subsequent
recertification either on the date two years from the date of issuance of the certificate or
on the individual's birthday during the second calendar year following certification. The
department shall send a renewal notice to the certificate holder 90 days prior to the
expiration date of the certificate. If the certificate is not renewed prior to its expiration
date, reinstatement shall only be permitted after the certificate holder has paid a
delinquency fee equal to three times the renewal fee and has provided evidence of
completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate
expiration date, request renewal by submitting to the department documentation of
completion of the required continuing education courses and pay the renewal fee of one
hundred dollars ($100), irrespective of receipt of the department's notification of the
renewal. A renewal request postmarked on or before the expiration of the certificate is
proof of compliance with this paragraph.

(5) A suspended or revoked certificate is subject to expiration as provided for in
this section. If reinstatement of the certificate is approved by the department, the
certificate holder, as a condition precedent to reinstatement, shall pay a fee in an
amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of
its revocation or suspension.

(6) A certificate that is not renewed within four years after its expiration shall not
be renewed, restored, reissued, or reinstated except upon completion of a certification
program, passing any test that may be required of an applicant for a new certificate at
that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reissuance of a lost
certificate.

(8) A certificate holder shall inform the department of his or her employment
status within 30 days of any change.

(g) The department may revoke a certificate issued under this section for any of
the following:

(1) Procuring a certificate by fraud or misrepresentation.

(2) Knowingly making or giving any false statement or information in conjunction
with the application for issuance of a certificate.

(3) Criminal conviction unless an exemption is granted pursuant to Section
(h) The certificate shall be considered forfeited under either of the following conditions:

1. The administrator has had a license revoked, suspended, or denied as authorized under Section 1569.50.
2. The administrator has been denied employment, residence, or presence in a facility based on action resulting from an administrative hearing pursuant to Section 1569.58.

(i)(1) The department shall establish, by regulation, the program content, the testing instrument, the process for approving certification programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification programs and continuing education courses. These regulations shall be developed in consultation with provider and consumer organizations, and shall be made available at least six months prior to the deadline required for certification. The department may deny vendor approval to any agency or person that has not provided satisfactory evidence of their ability to meet the requirements of vendorization set out in the regulations adopted pursuant to subdivision (j).

2. (A) A vendor of online programs for continuing education shall ensure that each online course contains all of the following:
   1. An interactive portion where the participant receives feedback, through online communication, based on input from the participant.
   2. Required use of a personal identification number or personal identification information to confirm the identity of the participant.
   3. A final screen displaying a printable statement, to be signed by the participant, certifying that the identified participant completed the course. The vendor shall obtain a copy of the final screen statement with the original signature of the participant prior to the issuance of a certificate of completion. The signed statement of completion shall be maintained by the vendor for a period of three years and be available to the department upon demand.

   (B) Nothing in this subdivision shall prohibit the department from approving online programs for continuing education that do not meet the requirements of subparagraph (A) if the vendor demonstrates to the department's satisfaction that, through advanced technology, the course and the course delivery meet the requirements of this section.

3. The department may authorize vendors to conduct the administrator certification training program pursuant to provisions set forth in this section. The department shall conduct the written test pursuant to regulations adopted by the department.

4. The department shall prepare and maintain an updated list of approved training vendors.

5. The department may inspect training programs and continuing education courses, and online courses, at no charge to the department, in order to determine if content and teaching methods comply with paragraphs (1) and (2), if applicable, and with regulations. If the department determines that any vendor is not complying with the
intent of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(6) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(7) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee not to exceed one hundred dollars ($100) every two years for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(j) This section shall be operative upon regulations being adopted by the department to implement the administrator certification program as provided for in this section.

(k) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

(l) Notwithstanding any provision of law to the contrary, vendors approved by the department who exclusively provide either initial or continuing education courses for certification of administrators of a residential care facility for the elderly, as defined in subdivision (k) of Section 1569.2, a group home facility, as defined by regulations of the department, or an adult residential care facility, as defined by regulations of the department, shall be regulated solely by the department pursuant to this chapter. No other state or local governmental entity shall be responsible for regulating the activity of those vendors.

§ 1569.617. Residential care for the elderly; fund; appropriations

(a)(1) There is hereby created in the State Treasury, the Certification Fund from which moneys, upon appropriation of the Legislature, shall be expended by the department for the purpose of administering the residential care facilities for the elderly certification program provided under Sections 1569.23, 1569.615, and 1569.616, the adult residential facilities certification program pursuant to Section 1562.3, and the group home facilities certification program pursuant to Section 1522.41.

(2) All money contained in the Residential Care Facility for the Elderly Fund on the operative date of this paragraph shall be retained in the Certification Fund for appropriation for the purposes specified in paragraph (1).

(b) The fund shall consist of specific appropriations that the Legislature sets aside for use by the fund and all fees, penalties, and fines collected pursuant to Sections 1522.41, 1562.3, 1562.23, 1569.615, and 1569.616.

(c) For the 1998-99 fiscal year, the sum of not to exceed two hundred fifty thousand dollars ($250,000) from the Certification Fund shall be appropriated to the State Department of Social Services to administer the group home facilities certification program pursuant to Section 1522.41. The department shall repay the appropriation made for the 1998-99 fiscal year into the Certification Fund upon receipt of fees pursuant to Section 1522.41.
§ 1569.618. Administrator and management of residential care facilities; presence of administrator during working hours; facility manager

(a) The administrator designated by the licensee pursuant to subdivision (k) of Section 1569.15 shall be present at the facility during normal working hours. A facility manager designated by the licensee with notice to the department, shall be responsible for the operation of the facility when the administrator is temporarily absent from the facility.

(b) "Facility manager" means a person on the premises with the authority and responsibility necessary to manage and control the day-to-day operation of a residential care facility for the elderly and supervise the clients. The facility manager, licensee, and administrator, or any combination thereof, may be the same person provided he or she meets all applicable requirements. If the administrator is also the facility manager for the same facility, he or she shall be limited to the administration and management of only one facility.

§ 1569.62. Training requirements; continuing education; uniform resident assessment tool

(a) The director shall ensure that licensees, administrators, and staffs of residential care facilities for the elderly have appropriate training to provide the care and services for which a license or certificate is issued.

(b) The department shall develop jointly with the Department of Aging, with input from provider organizations, requirements for a uniform core of knowledge within the required 20 hours of continuing education for administrators, and their designated substitutes, and for recertification of administrators of residential care facilities for the elderly. This knowledge base shall include, as a minimum, basic understanding of the psychosocial and physical care needs of elderly persons and administration. The department shall develop jointly with the Department of Aging, with input from provider organizations, a uniform resident assessment tool to be used by all residential care facilities for the elderly. The assessment tool shall, in lay terms, help to identify resident needs for service and assistance with activities of daily living.

The departments shall develop a mandatory training program on the utilization of the assessment tool to be given to administrators and their designated substitutes.

§ 1569.625. Staff training; legislative findings; contents

(a) The Legislature finds that the quality of services provided to residents of residential care facilities for the elderly is dependent upon the training and skills of staff. It is the intent of the Legislature in enacting this section to ensure that direct-care staff have the knowledge and proficiency to carry out the tasks of their jobs.

(b) The department shall adopt regulations to require staff members of residential care facilities for the elderly who assist residents with personal activities of daily living to receive appropriate training. This training shall consist of 10 hours of training within the first four weeks of employment and four hours annually thereafter. This training shall be administered on the job, or in a classroom setting, or any combination of the two. The
department shall establish, in consultation with provider organizations, the subject matter required for this training.

(c) The training shall include, but not be limited to, the following:
(1) Physical limitations and needs of the elderly.
(2) Importance and techniques for personal care services.
(3) Residents' rights.
(4) Policies and procedures regarding medications.
(5) Psychosocial needs of the elderly.

§ 1569.626. Advertising for special care, special programming, or a special environment for elderly with dementia; training requirements

All residential care facilities for the elderly that advertise or promote special care, special programming, or a special environment for persons with dementia, in addition to complying with the training requirements described in Section 1569.625, shall meet the following training requirements for all direct care staff:

(a) Six hours of resident care orientation within the first four weeks of employment. All six hours shall be devoted to the care of persons with dementia. The facility may utilize various methods of instruction including, but not limited to, preceptorship, mentoring, and other forms of observation and demonstration. The orientation time shall be exclusive of any administrative instruction.

(b) Eight hours of in-service training per year on the subject of serving residents with dementia. This training shall be developed in consultation with individuals or organizations with specific expertise in dementia care or by an outside source with expertise in dementia care. In formulating and providing this training, reference may be made to written materials and literature on dementia and the care and treatment of persons with dementia. This training requirement may be satisfied in one day or over a period of time. This training requirement may be provided at the facility or offsite and may include a combination of observation and practical application.

§ 1569.627. Special features of facilities advertising for special care, special programming, or special environment for elderly with dementia

Any residential care facility for the elderly that advertises or promotes special care, special programming, or a special environment for persons with dementia shall disclose to the department the special features of the facility in its plan of operation. This information shall be provided to the public by the facility upon request. The information shall include a brief narrative description of all of the following facility features:

(a) Philosophy, including, but not limited to, program goals.
(b) Preadmission assessment.
(c) Admission.
(d) Assessment.
(e) Program.
(f) Staff.
(g) Staff training.
(h) Physical environment.
(i) Changes in condition, including, but not limited to, when and under what circumstances are changes made to a participant’s care plan.
(j) Success indicators.

1569.628. Licensees advertising or promoting special care, programming, or environments; written description of programs and services to be provided to prospective residents; communication of contents to persons unable to read

A licensee of a residential care facility for the elderly that advertises or promotes special care, programming, or environments for persons with a health related condition, except as specified in Section 1569.72, shall provide to each prospective resident an accurate narrative description of these programs and services. The description shall be provided in writing prior to admission. All reasonable efforts shall be made to communicate the information in the narrative description to a person who is unable to read it himself or herself, including, but not limited to, reading the description out loud.

§ 1569.63. Licensing personnel training

The director shall insure that licensing personnel at the department have appropriate training to properly carry out this chapter.

§ 1569.64. Departmental staff development and training program

The department shall institute a staff development and training program within the organization structure to develop among staff the knowledge and understanding necessary to successfully carry out this chapter. Specifically, the department shall do all of the following:

(a) Provide staff with 36 hours of training per year that reflect the unique needs of the elderly.
(b) Give priority to applications from individuals with experience as care providers to the elderly.
(c) Provide new staff with comprehensive training within the first six months of employment. This training shall, at a minimum, include the following core areas: administrative action process, client populations, conducting facility visits, cultural awareness, documentation skills, facility operations, human relation skills, interviewing techniques, investigation processes, and regulation administration.

This training shall also provide new staff who have earned fewer than 16 semester units in gerontology or geriatric education from an accredited college at least 40 hours of preservice training in the aging process and the psycho-social and health care needs of elderly persons.
§ 1569.65. Consumer guideline brochure

(a) On or before January 1, 1987, the department shall publish a comprehensive consumer guideline brochure to assist persons in the evaluation and selection of a licensed residential care facility for the elderly. The department shall develop the brochure for publication with the advice and assistance of the Advisory Committee on Community Care Facilities and the State Department of Aging.

(b) The consumer guideline brochure shall include, but not be limited to, guidelines highlighting resident health and safety issues to be considered in the selection of a residential care facility for the elderly, locations of the licensing offices of the State Department of Social Services where facility records may be reviewed, types of local organizations which may have additional information on specific facilities, and a list of recommended inquiries to be made in the selection of a residential care facility for the elderly.

(c) Upon publication, the consumer guideline brochures shall be distributed to statewide resident advocacy groups, statewide consumer advocacy groups, state and local ombudsmen, and all licensed residential care facilities for the elderly. The brochure shall be made available on request to all other interested persons.

§ 1569.651. Preadmission fee or deposit for elderly at residential care facilities; written statement describing costs and stating whether fee is refundable; conditions for refund; refund rate schedules

(a) A licensee of a residential care facility for the elderly shall not require any form of preadmission fee or deposit from a recipient under the State Supplementary Program for the Aged, Blind and Disabled (Article 5 (commencing with Section 12200) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code) who applies for admission to the facility.

(b) If a licensee charges a preadmission fee, the licensee shall provide the applicant or his or her representative with a written general statement describing all costs associated with the preadmission fee charges and stating that preadmission fee is refundable. The statement shall describe the conditions for the refund as specified in subdivision (g). A licensee shall only charge a single preadmission fee as defined in subdivision (e) per resident admission.

(c) A licensee of a residential care facility for the elderly shall not require, request, or accept any funds from a resident or a resident's representative that constitutes a deposit against any possible damages by the resident.

(d) Any fee charged by a licensee of a residential care facility for the elderly, whether prior to or after admission, shall be clearly specified in the admission agreement.

(e) For the purposes of this section, "preadmission fee" means an application fee, processing fee, admission fee, entrance fee, community fee, or other fee, however designated, that is requested or accepted by a licensee of a residential care facility for the elderly prior to admission.
(f) This section shall not apply to licensees of residential care facilities for the elderly that have obtained a certificate of authority to offer continuing care contracts, as defined in paragraph (8) of subdivision (c) of Section 1771.

(g) If the applicant decides not to enter the facility prior to the facility’s completion of a preadmission appraisal or if the facility fails to provide full written disclosure of the preadmission fee charges and refund conditions, the applicant or the applicant’s representative shall be entitled to a refund of 100 percent of the preadmission fee.

(h) Unless subdivision (g) applies, preadmission fees in excess of five hundred dollars ($500) shall be refunded according to the following:

1. If the applicant does not enter the facility after a preadmission appraisal is conducted, the applicant or the applicant’s representative shall be entitled to a refund of at least 80 percent of the preadmission fee amount in excess of five hundred dollars ($500).

2. If the resident leaves the facility for any reason during the first month of residency, the resident shall be entitled to a refund of at least 80 percent of the preadmission fee amount in excess of five hundred dollars ($500).

3. If the resident leaves the facility for any reason during the second month of residency, the resident shall be entitled to a refund of at least 60 percent of the preadmission fee amount in excess of five hundred dollars ($500).

4. If the resident leaves the facility for any reason during the third month of residency, the resident shall be entitled to a refund of at least 40 percent of the preadmission fee amount in excess of five hundred dollars ($500).

5. The facility may, but is not required to, make a refund of the preadmission fee for residents living in the facility for four or more months.

(i) (1) Notwithstanding subdivision (g), if a resident is evicted by a facility pursuant to subdivision (a) of Section 1569.682, the resident or the resident’s legal representative shall be entitled to a refund of preadmission fees in excess of five hundred dollars ($500) in accordance with all of the following:

(A) A 100-percent refund if preadmission fees were paid within six months of notice of eviction.

(B) A 75-percent refund if preadmission fees were paid more than six months but not more than 12 months before notice of eviction.

(C) A 50-percent refund if preadmission fees were paid more than 12 months but not more than 18 months before notice of eviction.

(D) A 25-percent refund if preadmission fees were paid more than 18 months but less than 25 months before notice of eviction.

2. No preadmission refund is required if preadmission fees were paid 25 months or more before the notice of eviction.

3. The preadmission refund required by this subdivision shall be paid within 15 days of issuing the eviction notice.

§ 1569.655. Increase in fee rates for elderly residents; 60 days’ written notice stating amount of and reasons for increase; application of section

(a) If a licensee of a residential care facility for the elderly increases the rates of fees for residents or makes increases in any of its rate structures for services, the
licensee shall provide no less than 60 days' prior written notice to the residents or the residents' representatives setting forth the amount of the increase, the reason for the increase, and a general description of the additional costs, except for an increase in the rate due to a change in the level of care of the resident. This subdivision shall not apply to optional services that are provided by individuals, professionals, or organizations under a separate fee-for-service arrangement with residents.

(b) No licensee shall charge nonrecurring lump-sum assessments. The notification requirements contained in subdivision (a) shall apply to increases specified in this subdivision. For purposes of this subdivision, "nonrecurring lump-sum assessments" mean rate increases due to unavoidable and unexpected costs that financially obligate the licensee. In lieu of the lump-sum payment, all increases in rates shall be to the monthly rate amortized over a 12-month period. The prohibition against a lump-sum assessment shall not apply to charges for specific goods or services provided to an individual resident.

(c) If a licensee increases rates for a recipient under the State Supplementary Program for the Aged, Blind and Disabled, described in Article 5 (Commencing with Section 12200) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, the licensee shall meet the requirements for SSI/SSP rate increases, as prescribed by law.

(d) This section shall not apply to licensees of residential care facilities for the elderly that have obtained a certificate of authority to offer continuing care contracts, as defined in paragraph (5) of subdivision (c) of Section 1771.

§ 1569.657. Rate increase due to change in level of resident care; notice

(a) For any rate increase due to a change in the level of care of the resident, the licensee shall provide the resident and the resident's representative, if any, written notice of the rate increase within two business days after initially providing services at the new level of care. The notice shall include a detailed explanation of the additional services to be provided at the new level of care and an accompanying itemization of the charges.

(b) This section shall not apply to any resident of the facility who is a recipient of benefits pursuant to Article 5 (commencing with Section 12200) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code under the State Supplementary Program for Aged, Blind and Disabled.

(c) This section shall not apply to a provider who has entered into one or more continuing care contracts at a licensed residential care facility for the elderly pursuant to a certificate of authority, as defined in paragraph (5) of subdivision (c) of Section 1771.

§ 1569.658. Annual disclosure of average monthly rate increases; provision of written copy to residents, prospective residents, or representatives; application

(a) On or before January 31 of each year, the licensee of a licensed residential care facility for the elderly shall prepare a document disclosing its average monthly rate increases, inclusive of rates for living units and service fees, for each of the previous 3 years. For purposes of this section, "service fees" do not include fees for optional
services or services provided by a third party. The licensee shall disclose the average amount of the increase, as well as the average percentage of increase. Newly licensed facilities without three years of resident rate increase history shall disclose the average increase for the years during which the facility has been serving residents. This section does not apply to newly licensed facilities with no current residents.

(b) The licensee shall provide a written copy of the disclosure required by this section to every resident or resident's representative, upon signing an admission agreement to receive residential or other services from the facility. The resident or resident's representative shall sign a confirmation of receipt of the disclosure, which shall be maintained by the facility in the resident's file.

(c) The licensee shall provide a copy of the most recent disclosure required by this section to any prospective resident, or his or her representative.

(d) This section shall not apply to a licensee of a residential care facility for the elderly that has obtained a certificate of authority to offer a continuing care contract, as defined in paragraph (5) of subdivision (c) of Section 1771.

§ 1569.66. Facility lists

At least annually, the director shall publish and make available to interested persons a list or lists covering all licensed residential care facilities for the elderly and the services for which each facility has been licensed. A list or lists containing changes shall be published and made available periodically, as determined by the director.

§ 1569.67. Inspection reports on facilities; notice of availability for public review; regulations

(a) The department shall develop a written notice for the purpose of informing any individual who requests information regarding admission to a residential care facility for the elderly that the department's licensing analysts' inspection reports on all residential care facilities for the elderly are on file and are available for public review in the department's community care licensing district office nearest to each residential care facility for the elderly.

(b) The department shall adopt regulations requiring that each residential care facility provide his notice, as well as the address of the nearest departmental community care licensing district office, to any individual who requests information regarding admission to a residential care facility for the elderly and to any resident of the facility.

§ 1569.68. License number; advertisement or correspondence

All residential care facilities shall be required to include their current license number in any public advertisement or correspondence.

§ 1569.681. License number; use in advertisements, publications or announcements

(a) Each residential care facility for the elderly licensed under this chapter shall
reveal its license number in all advertisements, publications, or announcements made with the intent to attract clients or residents.

(b) Advertisements, publications, or announcements subject to the requirements of subdivision (a) referred to herein include, but are not limited to, those contained in the following:

(1) Newspaper or magazine.
(2) Consumer report.
(3) Announcement of intent to commence business.
(4) Telephone directory yellow pages.
(5) Professional or service directory.
(6) Radio or television commercial.

1569.682. Transfer of resident upon forfeiture of license or change in use of facility; duties of licensee; closure plan; duty of department upon licensee’s failure to comply; civil penalties

(a) A licensee of a licensed residential care facility for the elderly shall, prior to transferring a resident of the facility to another facility or to an independent living arrangement as a result of the forfeiture of a license, as described in subdivision (a), (b), or (f) of Section 1569.19 or change of use of the facility pursuant to the department’s regulations, or revocation of a license, take all reasonable steps to transfer affected residents safely and to minimize possible transfer trauma, and shall, at a minimum, do all of the following:

(1) Prepare, for each resident, a relocation evaluation of the needs of that resident, which shall include both of the following:
   (A) Recommendations on the type of facility that would meet the needs of the resident based on the current service plan.
   (B) A list of facilities, within a 60-mile radius of the resident's current facility, that meet the resident's present needs.
(2) Provide each resident or the resident's responsible person with a written notice no later than 60 days before the intended eviction. The notice shall include all of the following:
   (A) The reason for the eviction, with specific facts to permit a determination of the date, place, witnesses, and circumstances concerning the reasons.
   (B) A copy of the resident’s current service plan.
   (C) The relocation evaluation.
   (D) A list of referral agencies.
   (E) The right of the resident or resident's legal representative to contact the department to investigate the reasons given for the eviction pursuant to Section 1569.35.
(3) Discuss the relocation evaluation with the resident and his or her legal representative within 30 days of issuing the notice of eviction.
(4) Submit a written report of any eviction to the licensing agency within five days.
(5) Upon issuing the written notice of eviction, a licensee shall not accept new residents or enter into new admission agreements.
(6) (A) For paid preadmission fees in excess of five hundred dollars ($500), the resident is entitled to a refund in accordance with all of the following:
   (i) A 100-percent refund if preadmission fees were paid within six months of notice of eviction.
   (ii) A 75-percent refund if preadmission fees were paid more than six months but not more than 12 months before notice of eviction.
   (iii) A 50-percent refund if preadmission fees were paid more than 12 months but not more than 18 months before notice of eviction.
   (iv) A 25-percent refund if preadmission fees were paid more than 18 months but less than 25 months before notice of eviction.
   (B) No preadmission refund is required if preadmission fees were paid 25 months or more before the notice of eviction.
   (C) The preadmission refund required by this paragraph shall be paid within 15 days of issuing the eviction notice. In lieu of the refund, the resident may request that the licensee provide a credit toward the resident's monthly fee obligation in an amount equal to the preadmission fee refund due.
(7) If the resident gives notice five days before leaving the facility, the licensee shall refund to the resident or his or her legal representative a proportional per diem amount of any prepaid monthly fees at the time the resident leaves the facility and the unit is vacated. Otherwise the licensee shall pay the refund within seven days from the date that the resident leaves the facility and the unit is vacated.
(8) Within 10 days of all residents having left the facility, the licensee, based on information provided by the resident or resident's legal representative, shall submit a final list of names and new locations of all residents to the department and the local ombudsperson program.
(b) If seven or more residents of a residential care facility for the elderly will be transferred as a result of the forfeiture of a license, revocation of a license, or change in the use of the facility pursuant to subdivision (a), the licensee shall submit a proposed closure plan to the department for approval. The department shall approve or disapprove the closure plan, and monitor its implementation, in accordance with the following requirements:
   (1) Upon submission of the closure plan, the licensee shall be prohibited from accepting new residents and entering into new admission agreements for new residents.
   (2) The closure plan shall meet the requirements described in subdivision (a), and describe the staff available to assist in the transfers. The department's review shall include a determination as to whether the licensee's closure plan contains a relocation evaluation for each resident.
   (3) Within 15 working days of receipt, the department shall approve or disapprove the closure plan prepared pursuant to this subdivision, and, if the department approves the plan, it shall become effective upon the date the department grants its written approval of the plan.
   (4) If the department disapproves a closure plan, the licensee may resubmit an amended plan, which the department shall promptly either approve or disapprove, within 10 working days of receipt by the department of the amended plan. If the department fails to approve a closure plan, it shall inform the licensee, in writing, of the
reasons for the disapproval of the plan.

(5) If the department fails to take action within 20 working days of receipt of either the original or the amended closure plan, the plan, or amended plan, as the case may be, shall be deemed approved.

(6) Until such time that the department has approved a licensee's closure plan, the facility shall not issue a notice of transfer or require any resident to transfer.

(7) Upon approval by the department, the licensee shall send a copy of the closure plan to the local ombudsperson program.

(c)(1) If a licensee fails to comply with the requirements of subdivision (a), and if the director determines that it is necessary to protect the residents of a facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety, the department shall take any necessary action to minimize trauma for the residents. The department shall contact any local agency that may have placement or advocacy responsibility for the residents, and shall work with those agencies to locate alternative placement sites, contact relatives or other persons responsible for the care of these residents, provide onsite evaluation of the residents, and assist in the transfer of residents.

(2) The participation of the department and local agencies in the relocation of residents from a residential care facility for the elderly shall not relieve the licensee of any responsibility under this section. A licensee that fails to comply with the requirements of this section shall be required to reimburse the department and local agencies for the cost of providing the relocation services. If the licensee fails to provide the relocation services required in subdivisions (a) and (b), then the department may request that the Attorney General's office, the city attorney's office, or the local district attorney's office seek injunctive relief and damages in the same manner as provided for in Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code.

(d) A licensee who fails to comply with requirements of this section shall be liable for the imposition of civil penalties in the amount of one hundred dollars ($100) per violation per day for each day that the licensee is in violation of this section, until such time that the violation has been corrected. The civil penalties shall be issued immediately following the written notice of violation. However, if the violation does not present an immediate or substantial threat to the health or safety of residents and the licensee corrects the violation within three days after receiving the notice of violation, the licensee shall not be liable for payment of any civil penalties pursuant to this subdivision related to the corrected violation.

(e) A resident of a residential care facility for the elderly covered under this section, may bring a civil action against any person, firm, partnership, or corporation who owns, operates, establishes, manages, conducts, or maintains a residential care facility for the elderly who violates the rights of a resident, as set forth in this section. Any person, firm, partnership, or corporation who owns, operates, establishes, manages, conducts, or maintains a residential care facility for the elderly who violates this section shall be responsible for the acts of the facility's employees and shall be liable for costs and attorney's fees. Any such residential care facility for the elderly may also be enjoined from permitting the violation to continue. The remedies specified in this section shall be in addition to any other remedy provided by law.
(f) This section shall not apply to a licensee that has obtained a certificate of authority to offer continuing care contracts, as defined in paragraph (8) of subdivision (c) of Section 1771.

§ 1569.683. Eviction notices; reasons for eviction contents; service

(a) In addition to complying with other applicable regulations, a licensee of a residential care facility for the elderly who sends a notice of eviction to a resident shall set forth in the notice to quit the reasons relied upon for the eviction, with specific facts to permit determination of the date, place, witnesses, and circumstances concerning those reasons. In addition, the notice to quit shall include all of the following:

(1) The effective date of the eviction.

(2) Resources available to assist in identifying alternative housing and care options, including public and private referral services and case management organizations.

(3) Information about the resident’s right to file a complaint with the department regarding the eviction, with the name, address, and telephone number of the nearest office of community care licensing and the State Ombudsman.

(4) The following statement: "In order to evict a resident who remains in the facility after the effective date of the eviction, the residential care facility for the elderly must file an unlawful detainer action in superior court and receive a written judgment signed by a judge. If the facility pursues the unlawful detainer action, you must be served with a summons and complaint. You have the right to contest the eviction in writing and through a hearing."

(b) The licensee, in addition to either serving a 30-day notice, or seeking approval from the department and serving three days notice, on the resident, shall notify, or mail a copy of the notice to quit to, the resident’s responsible person.

§ 1569.686. Licensee notification of specified events; department initiation of compliance plan, noncompliance conference, or other appropriate action; penalties; exception

(a) A licensee shall notify the department, the State Long-Term Care Ombudsman, all residents, and, if applicable, their legal representatives, in writing, within two business days, and shall notify all applicants for potential residence, and, if applicable, their legal representatives, prior to admission, of any of the following events, or knowledge of the event:

(1) A notice of default, notice of trustee’s sale, or any other indication of foreclosure is issued on the property.

(2) An unlawful detainer action is initiated against the licensee.

(3) The licensee files for bankruptcy.

(4) The licensee receives a written notice of default of payment of rent described in Section 1161 of the Code of Civil Procedure.

(5) A utility company has sent a notice of intent to terminate electricity, gas, or water service on the property within not more than 15 days of the notice.

(b) Upon receipt of the notice required pursuant to subdivision (a), the
department shall initiate a compliance plan, noncompliance conference, or other appropriate action.

(c) A licensee who fails to comply with this section may be liable for civil penalties in an amount not to exceed one hundred dollars ($100) for each day of the failure to provide notification required in this section. The total civil penalty shall not exceed two thousand dollars ($2,000). If a resident is relocated without the notification required by this section, and suffers transfer trauma or other harm to his or her health or safety, the department may also suspend or revoke the licensee's license and issue a permanent revocation of the licensee's ability to operate or act as an administrator of a facility anywhere in the state. Suspension or revocation proceedings pursuant to this subdivision shall be conducted in compliance with Section 1569.51.

(d) For purposes of this section, "property" means the land or building in which a residential care facility for the elderly is located.

(e) This section shall not apply to licensees of residential care facilities for the elderly that have obtained a certificate of authority, as defined in paragraph (5) of subdivision (c) of Section 1771, to offer continuing care contracts, as defined in paragraph (8) of subdivision (c) of Section 1771.

§ 1569.69. Employees assisting residents with self-administration of medication; training requirements

(Enacted by Stats. 2006, Operative Jan. 1, 2008)

(a) Each residential care facility for the elderly licensed under this chapter shall ensure that each employee of the facility who assists residents with the self-administration of medications meets the following training requirements:

(1) In facilities licensed to provide care for 16 or more persons, the employee shall complete 16 hours of initial training. This training shall consist of eight hours of hands-on shadowing training, which shall be completed prior to assisting with the self-administration of medications, and eight hours of other training or instruction, as described in subdivision (f), which shall be completed within the first two weeks of employment.

(2) In facilities licensed to provide care for 15 or fewer persons, the employee shall complete six hours of initial training. This training shall consist of two hours of hands-on shadowing training, which shall be completed prior to assisting with the self-administration of medications, and four hours of other training or instruction, as described in subdivision (f), which shall be completed within the first two weeks of employment.

(3) An employee shall be required to complete the training requirements for hands-on shadowing training described in this subdivision prior to assisting any resident in the self-administration of medications. The training and instruction described in this subdivision shall be completed, in their entirety, within the first two weeks of employment.

(4) The training shall cover all of the following areas:

(A) The role, responsibilities, and limitations of staff who assist residents with the self-administration of medication, including tasks limited to licensed medical professionals.
(B) An explanation of the terminology specific to medication assistance.
(C) An explanation of the different types of medication orders: prescription, over-the-counter, controlled, and other medications.
(D) An explanation of the basic rules and precautions of medication assistance.
(E) Information on medication forms and routes for medication taken by residents.
(F) A description of procedures for providing assistance with the self-administration of medications in and out of the facility, and information on the medication documentation system used in the facility.
(G) An explanation of guidelines for the proper storage, security, and documentation of centrally stored medications.
(H) A description of the processes used for medication ordering, refills and the receipt of medications from the pharmacy.
(I) An explanation of medication side effects, adverse reactions, and errors.
(5) To complete the training requirements set forth in this subdivision, each employee shall pass an examination that tests the employee's comprehension of, and competency in, the subjects listed in paragraph (4).
(6) Residential care facilities for the elderly shall encourage pharmacists and licensed medical professionals to use plain English when preparing labels on medications supplied to residents. As used in this section, "plain English" means that no abbreviations, symbols, or Latin medical terms shall be used in the instructions for the self-administration of medication.
(7) The training requirements of this section are not intended to replace or supplant those required of all staff members who assist residents with personal activities of daily living as set forth in Section 1569.625.
(8) The training requirements of this section shall be repeated if either of the following occurs:
(A) An employee returns to work for the same licensee after a break of service of more than 180 consecutive calendar days.
(B) An employee goes to work for another licensee in a facility in which he or she assists residents with the self-administration of medication.
(b) Each employee who received training and passed the examination required in paragraph (5) of subdivision (a), and who continues to assist with the self-administration of medicines, shall also complete four hours of in-service training on medication-related issues in each succeeding 12-month period.
(c) The requirements set forth in subdivisions (a) and (b) do not apply to persons who are licensed medical professionals.
(d) Each residential care facility for the elderly that provides employee training under this section shall use the training material and the accompanying examination that are developed by, or in consultation with, a licensed nurse, pharmacist, or physician. The licensed residential care facility for the elderly shall maintain the following documentation for each medical consultant used to develop the training:
(1) The name, address, and telephone number of the consultant.
(2) The date when consultation was provided.
(3) The consultant's organization affiliation, if any, and any educational and professional qualifications specific to medication management.
(4) The training topics for which consultation was provided. 
(e) Each person who provides employee training under this section shall meet the following education and experience requirements:
   (1) A minimum of five hours of initial, or certified continuing, education or three semester units, or the equivalent, from an accredited educational institution, on topics relevant to medication management.
   (2) The person shall meet any of the following practical experience or licensure requirements:
      (A) Two years of full-time experience, within the last four years, as a consultant with expertise in medication management in areas covered by the training described in subdivision (a).
      (B) Two years of full-time experience, or the equivalent, within the last four years, as an administrator for a residential care facility for the elderly, during which time the individual has acted in substantial compliance with applicable regulations.
      (C) Two years of full-time experience, or the equivalent, within the last four years, as a direct care provider assisting with the self-administration of medications for a residential care facility for the elderly, during which time the individual has acted in substantial compliance with applicable regulations.
      (D) Possession of a license as a medical professional.
   (3) The licensed residential care facility for the elderly shall maintain the following documentation on each person who provides employee training under this section:
      (A) The person's name, address, and telephone number.
      (B) Information on the topics or subject matter covered in the training.
      (C) The time, dates, and hours of training provided.
   (f) Other training or instruction, as required in paragraphs (1) and (2) of subdivision (a), may be provided offsite, and may use various methods of instruction, including, but not limited to, all of the following:
      (1) Lectures by presenters who are knowledgeable about medication management.
      (2) Video recorded instruction interactive material, online training, and books.
      (3) Other written or visual materials approved by organizations or individuals with expertise in medication management.
   (g) Residential care facilities for the elderly licensed to provide care for 16 or more persons shall maintain documentation that demonstrates that a consultant pharmacist or nurse has reviewed the facility's medication management program and procedures at least twice a year.
   (h) Nothing in this section authorizes unlicensed personnel to directly administer medications.

ARTICLE 6.5. Special Care Model Projects

§§ 1569.691. to 1569.694, 1569.696, and 1569.697 Repealed by Stats. 1995

§ 1569.695. Emergency plans (Section operative March 1, 2009.)

(a) In addition to any other requirement of this chapter, a residential care facility
for the elderly shall have an emergency plan that shall include, but not be limited to, all of the following:

(1) Evacuation procedures.
(2) Plans for the facility to be self-reliant for a period of not less than 72 hours immediately following any emergency or disaster, including, but not limited to, a long-term power failure.
(3) Transportation needs and evacuation procedures to ensure that the facility can communicate with emergency response personnel or can access the information necessary in order to check the emergency routes to be used at the time of an evacuation and relocation necessitated by a disaster.
(4) Procedures that address, but are not limited to, all of the following:
   (A) Provision of emergency power that could include identification of suppliers of backup generators.
   (B) Responding to individual residents’ needs in the event the emergency call buttons are inoperable.
   (C) Process for communicating with residents, families, hospice providers, and others, as appropriate, that might include landline telephones, cellular telephones, or walkie-talkies.
   (D) Assistance with, and administration of, medications.
   (E) Storage and preservation of medications.
   (F) The operation of assistive medical devices that need electric power for their operation, including, but not limited to, oxygen equipment and wheelchairs.
   (G) A process for identifying residents with special needs, such as hospice, and a plan for meeting those needs.

(b) Each facility subject to this section shall make the plan available upon request to residents onsite and available to local emergency responders.
(c) The department’s Community Care Licensing Division shall confirm, during comprehensive licensing visits, that the plan is on file at the facility.
(d) Nothing in this section shall create a new or additional requirement for the department to evaluate the emergency plan. The department shall only verify that the plan is on file at the time of the comprehensive inspection.
(e) This subdivision shall not apply to residential care facilities for the elderly that have obtained a certificate of authority to offer continuing care contracts, as defined in paragraph (5) of subdivision (c) of Section 1771.
(f) This section shall become operative on March 1, 2009.

ARTICLE 6.6. Secured Perimeters

§ 1569.698. Building standards; adoption; locked and secured perimeters in residential care facilities; persons with dementia

(a) The State Fire Marshal has proposed that the State Building Standards Commission adopt building standards to provide for locked and secured perimeters in residential care facilities for the elderly that care for persons with dementia:
   (1) It is acknowledged that these building standards will not become effective until October 1, 1996.
(2) It is the policy of the State Building Standards Commission that building standards be adopted exclusively into the California Building Standards Code and not into state statute.

(3) However, in recognition of the immediate need of residential care facilities for the elderly caring for persons with dementia to provide a secured environment, it is the intent of the Legislature that the building standards for locked and secured perimeters proposed by the State Fire Marshal for adoption in the 1994 California Building Standards Code, as set forth in Section 1569.699, be effective upon the date this article becomes operative.

(b)(1) Upon the filing of emergency regulations with the Secretary of State pursuant to subdivision (c), a residential care facility for the elderly that cares for people with dementia may utilize secured perimeter fences or locked exit doors, if it meets the requirements for additional safeguards required by those regulations.

(2) For the purposes of this article, dementia includes Alzheimer's disease and related disorders diagnosed by a physician, that increases the tendency to wander and that decreases hazard awareness and the ability to communicate.

(3) It is the intent of the Legislature in enacting this article that residential care facilities for the elderly have options for the security of persons with dementia who are residents of those facilities that are in addition to existing security exceptions made for individual residents. It is the further intent of the Legislature that these additional options shall include the use of waivers of certain building standards relating to fire safety to be issued by the state department with the approval, of the State Fire Marshal, to permit the care of a target group of persons with dementia by means of secured perimeter fences, or the use of locked exterior doors. Each waiver request shall include a facility plan of operation that addresses elements of care to be identified by the department in regulations and demonstrates the facility's ability to meet the safety needs of persons with dementia.

(4) The department shall adopt regulations that ensure that staff for secured perimeter facilities receive appropriate and adequate training in the care of residents with Alzheimer's disease or other related dementia.

(5) Nothing in this section is intended to prohibit residential care facilities for the elderly from accepting or retaining persons with dementia whose needs can be fully met using care options permitted by existing law and regulations.

(6) It is not the intent of the Legislature to authorize an increase in the level of care provided in a residential care facility for the elderly or to establish a supplemental rate structure based on the services provided in the facility.

(7) All admissions to residential care facilities for the elderly shall continue to be voluntary on the part of the resident or with the lawful consent of the resident's legal conservator.

(c) The department shall adopt regulations to implement subdivision (b) in accordance with those provisions of the Administrative Procedure Act contained in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The initial adoption of any emergency regulations following the effective date of the act amending this section during the 1995-96 Regular Legislative Session shall be deemed to be an emergency and necessary for the immediate
preservation of the public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this subdivision shall remain in effect for no more than 180 days.

(d) In addition to the security options authorized by subdivision (b), residential care facilities for the elderly that accept or retain as residents persons with dementia, and that choose to utilize the security options of egress-control devices of the time-delay type in addition to secured perimeter fences or locked exit doors, shall comply with Section 1569.699, or regulations adopted by the State Building Standards Commission, whichever is operative.

(e) Except as specified in Article 6.5 (commencing with Section 1569.691), no residential care facility for the elderly shall utilize special egress-control devices of the time-delay type, secured perimeter fences, or locked exit doors unless the facility meets the requirements of Section 1569.699 or the Building Standards Commission adopts building standards to implement this section.

(f) Any person who is not a conservatee and is entering a locked or secured perimeter facility pursuant to this section, shall sign a statement of voluntary entry. The facility shall retain the original statement and shall send a copy of the statement to the department.

§ 1569.699. Exit doors; egress-control devices of time-delay type; fences

(a) When approved by the person responsible for enforcement as described in Section 13146, exit doors in facilities classified as Group R, Division 2 facilities under the California Building Standards Code, licensed as residential care facilities for the elderly, and housing clients with Alzheimer's disease or dementia, may be equipped with approved listed special egress-control devices of the time-delay type, provided the building is protected throughout by an approved automatic sprinkler system and an approved automatic smoke-detection system. The devices shall conform to all of the following requirements:

1. Automatic deactivation of the egress-control device upon activation of either the sprinkler system or the detection system.

2. Automatic deactivation of the egress-control device upon loss of electrical power to any one of the following: The egress-control device; the smoke-detection system; exit illumination as required by Section 1012 of the California Building Code.

3. Be capable of being deactivated by a signal from a switch located in an approved location.

4. Initiate an irreversible process that will deactivate the egress-control device whenever a manual force of not more than 15 pounds (66.72 N) is applied for two seconds to the panic bar or other door-latching hardware. The egress-control device shall deactivate within an approved time period not to exceed a total of 15 seconds, except that the person responsible for enforcement as described in Section 13146 may approve a delay not to exceed 30 seconds in residential care facilities for the elderly serving patients with Alzheimer's disease. The time delay established for each egress-control device shall not be field adjustable.

5. Actuation of the panic bar or other door-latching hardware shall activate an audible signal at the door.
(6) The unlatching shall not require more than one operation.

(7) A sign shall be provided on the door located above and within 12 inches (305mm) of the panic bar or other door-latching hardware reading:

**KEEP PUSHING. THIS DOOR WILL OPEN IN ____ SECONDS. ALARM WILL SOUND.**

Sign letter shall be at least one inch (25mm) in height and shall have a stroke of not less than 1/8 inch (3.3mm).

(8) Regardless of the means of deactivation, relocking of the egress-control device shall be by manual means only at the door.

(b) Grounds of residential care facilities for the elderly serving persons with Alzheimer's disease or dementia may be fenced, and gates therein equipped with locks, provided safe dispersal areas are located not less than 50 feet (15240mm) from the buildings. Dispersal areas shall be sized to provide an area of not less than three square feet (0.282) per occupant. Gates shall not be installed across corridors or passageways leading to the dispersal areas unless they comply with the exit requirements of Section 1021 of the California Building Standards Code.

(c) Exit doors may be locked in residential care facilities for the elderly that meet the requirements for Group I, Division 3 occupancies under the California Building Standards Code and that care for people with dementia.

(d) This section shall become inoperative on the date the State Building Standards Commission adopts regulations regarding secured perimeters in residential care facilities for the elderly, and, as of the January 1 next following that date, is repealed, unless a later enacted statute, that becomes operative on or before that January 1, deletes or extends the dates on which it becomes inoperative and is repealed.

§1569.6991. Security window installation

On and after January 1, 1999, no security window bars may be installed or maintained on any residential care facility for the elderly unless the security window bars meet current state and local requirements, as applicable, for security window bars and safety release devices.

ARTICLE 7. Levels of Care

§ 1569.70. Levels of care system guidelines; implementation

It is the intent of the Legislature to develop and implement a plan to establish three levels of care under the residential care facility for the elderly license, subject to future Budget Act appropriations and statutory authorization to implement levels of care.

(a) The guidelines for the development of these levels of care are:

(1) Level I-Base care and supervision. Residents at this level are able to maintain a higher degree of independence and need only minimum care and supervision, as defined, and minimal personal care assistance.
(2) Level II-Nonmedical personal care. Residents at this level have functional limitations and psychosocial needs requiring not only care and supervision but frequent assistance with personal activities of daily living and active intervention to help them maintain their potential for independent living.

(3) Level III-Health related assistance. Residents at this level require the services of lower levels and rely on the facility for extensive assistance with personal activities of daily living. This level may include residents who also require the occasional services of an appropriate skilled professional due to chronic health problems and returning residents recovering from illness, injury, or treatment that required placement in facilities providing higher levels of care.

These levels are to be based on the services required by residents at each level due to their functional limitations.

(b) The levels of care plan shall include:

(1) Guidelines for meeting requirements at each level of care by utilizing appropriate community and professional services. Options shall be provided to allow facilities to meet resident needs by accessing community services or hiring appropriate staff.

(2) Assessment procedures for facility evaluation of residents' level of care needs.

(3) Process for ensuring the individual facility's ability to serve clients at each level of care they intend to provide.

(4) Recommendations for a supplemental rate structure based on the services required at Levels II and III to be provided for residents who need those levels of care and are recipients of SSI/SSP. These rates shall be in addition to the basic SSI/SSP rate for providing care supervision and shall reflect actual costs of operation for residential care facilities for the elderly.

(5) Procedures for assessment and certification of SSI/SSP recipients, by county social services departments to allow for administration of the supplemental rate structure.

(6) Procedures for evaluating and monitoring the appropriateness of the levels of care determined for SSI/SSP recipients.

(c) Implementation of the levels of care system shall consider the applicability of the 1985 level of care report developed by the California Health and Human Services Agency, so as to ensure continuity in the residential care facility for the elderly program as outlined under this chapter.

§ 1569.71. Nonambulatory resident regulations

In consultation with the State Fire Marshal the department shall develop and expedite implementation of regulations related to nonambulatory persons that ensure resident safety but also provide flexibility to allow residents to remain in the least restrictive environment.

Following the implementation of levels of care, regulations related to nonambulatory persons shall also provide the flexibility necessary for those levels in residential care facilities for the elderly.
§ 1569.72. Residents requiring skilled nursing or intermediate care; bedridden residents

(a) Except as otherwise provided in subdivision (d), no resident shall be admitted or retained in a residential care facility for the elderly if any of the following apply:
   (1) The resident requires 24-hour, skilled nursing or intermediate care.
   (2) The resident is bedridden, other than for a temporary illness or for recovery from surgery.

(b)(1) For the purposes of this section, "bedridden" means requiring assistance in turning and repositioning in bed or being unable to independently transfer to and from bed, except in a facility with appropriate and sufficient care staff, mechanical devices, if necessary, and safety precautions, as determined by the director in regulations.
   (2) The determination of the bedridden status of persons with developmental disabilities shall be made by the Director of Social Services or his or her designated representative, in consultation with the Director of Developmental Services or his or her designated representative, after consulting the resident's individual safety plan. The determination of the bedridden status of all other persons with disabilities who are not developmentally disabled shall be made by the Director of Social Services, or his or her designated representative.

(c) Notwithstanding paragraph (2) of subdivision (a), bedridden persons may be admitted to, and remain in, residential care facilities for the elderly that secure and maintain an appropriate fire clearance. A fire clearance shall be issued to a facility in which one or more bedridden persons reside if either of the following conditions are met:
   (1) The fire safety requirements are met. Residents who are unable to independently transfer to and from bed, but who do not need assistance to turn or reposition in bed, shall be considered nonambulatory for purposes of this paragraph.
   (2) Alternative methods of protection are approved.

(d)(1) For purposes of this section, "temporary illness" means any illness which persists for 14 days or less.
   (e) A bedridden resident may be retained in a residential care facility for the elderly in excess of 14 days if all of the following requirements are satisfied:
      (1) The facility notifies the department in writing regarding the temporary illness or recovery from surgery.
      (2) The facility submits to the department, with the notification, a physician and surgeon's written statement to the effect that the resident's illness or recovery is of a temporary nature. The statement shall contain an estimated date upon which the illness or recovery will end or upon which the resident will no longer be confined to a bed.
      (3) The department determines that the health and safety of the resident is adequately protected in that facility and that transfer to a higher level of care is not necessary.
      (4) This section does not expand the scope of care and supervision of a residential care facility for the elderly.
   (f) Notwithstanding the length of stay of a bedridden resident, every facility admitting or retaining a bedridden resident, as defined in this section, shall, within 48 hours of the resident's admission or retention in the facility, notify the local fire authority.
with jurisdiction in the bedridden resident's location of the estimated length of time the resident will retain his or her bedridden status in the facility.

(g) Nothing in this section shall be used for purposes of Section 1569.70 to determine the appropriateness of residents being admitted or retained in a residential care facility for the elderly on the basis of health-related conditions and the need for these services until the three levels of care set forth in Section 1569.70 are fully implemented. This section shall not prohibit the Community Care Licensing Division of the State Department of Social Services from continuing to implement the regulations of Article 8 (commencing with Section 87700) of Chapter 8 of Division 6 of Title 22 of the California Code of Regulations, as promulgated and approved on February 13, 1990.

(h)(1) The department and the Office of the State Fire Marshal, in consultation with the State Department of Developmental Services, shall each promulgate regulations that meet all of the following conditions:

(A) Are consistent with subdivisions (a) to (f), inclusive.
(B) Are applicable to facilities regulated under this chapter, consistent with the regulatory requirements of the California Building Standards Code for fire and life safety for the respective occupancy classifications into which the State Department of Social Services' community care licensing classifications fall.
(C) Permit residents to remain in home-like settings.
(2) At a minimum, these regulations shall do both of the following with regard to a residential care facility that provides care for six or fewer residents, at least one of whom is bedridden:

(A) Clarify the fire and life safety requirements for a fire clearance for the facility.
(B)(i) Identify procedures for requesting the approval of alternative means of providing equivalent levels of fire and life safety protection.
   (ii) Either the facility, the resident or resident's representative, or local fire official may request from the Office of the State Fire Marshal a written opinion concerning the interpretation of the regulations promulgated by the State Fire Marshal pursuant to this section for a particular factual dispute. The State Fire Marshal shall issue the written opinion within 45 days following the request.
   (i) For facilities that care for six or fewer clients, a local fire official may not impose fire safety requirements stricter than the fire safety regulations promulgated for the particular type of facility by the Office of the State Fire Marshal or the local fire safety requirements imposed on any other single family dwelling, whichever is more strict.
(j) This section and any regulations promulgated thereunder shall be interpreted in a manner that provides flexibility to allow bedridden persons to avoid institutionalization and be admitted to, and safely remain in, community-based residential care facilities.

§ 1569.725. Incidental medical care; residential care facility

(a) A residential care facility for the elderly may permit incidental medical services to be provided through a home health agency, licensed pursuant to Chapter 8 (commencing with Section 1725), when all of the following conditions are met:
(1) The facility, in the judgment of the department, has the ability to provide the
supporting care and supervision appropriate to meet the needs of the resident receiving care from a home health agency.

(2) The home health agency has been advised of the regulations pertaining to residential care facilities for the elderly and the requirements related to incidental medical services being provided in the facility.

(3) There is evidence of an agreed-upon protocol between the home health agency and the residential care facility for the elderly. The protocol shall address areas of responsibility of the home health agency and the facility and the need for communication and the sharing of resident information related to the home health care plan. Resident information may be shared between the home health agency and the residential care facility for the elderly relative to the resident’s medical condition and the care and treatment provided to the resident by the home health agency including, but not limited to, medical information, as defined by the Confidentiality of Medical Information Act, Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code.

(4) There is ongoing communication between the home health agency and the residential care facility for the elderly about the services provided to the resident by the home health agency and the frequency and duration of care to be provided.

(b) Nothing in this section is intended to expand the scope of care and supervision for a residential care facility for the elderly, as prescribed by this chapter.

(c) Nothing in this section shall require any care or supervision to be provided by the residential care facility for the elderly beyond that which is permitted in this chapter.

(d) The department shall not be responsible for the evaluation of medical services provided to the resident of the residential care facility for the elderly by the home health agency.

(e) Any regulations, policies, or procedures related to sharing resident information and development of protocols, established by the department pursuant to this section, shall be developed in consultation with the State Department of Health Services and persons representing home health agencies and residential care facilities for the elderly.

§ 1569.73. Terminally ill residents; or terminally ill persons to be accepted as a resident; transferring hospice care and waivers; resident care and supervision

(a) Notwithstanding Section 1569.72 or any other provision of law, a residential care facility for the elderly may obtain a waiver from the department for the purpose of allowing a resident who has been diagnosed as terminally ill by his or her physician and surgeon to remain in the facility, or allowing a person who has been diagnosed as terminally ill by his or her physician and surgeon to become a resident of the facility if that person is already receiving hospice services and would continue to receive hospice services without disruption if he or she became a resident when all the following conditions are met:

(1) The facility agrees to retain the terminally ill resident, or accept as a resident the terminally ill person, and to seek a waiver on behalf of the individual, provided the individual has requested the waiver and is capable of deciding to obtain hospice services.

(2) The terminally ill resident, or the terminally ill person to be accepted as a
resident, has obtained the services of a hospice certified in accordance with federal medicare conditions of participation and licensed pursuant to Chapter 8 (commencing with Section 1725) or Chapter 8.5 (commencing with Section 1745).

(3) The facility, in the judgment of the department, has the ability to provide care and supervision appropriate to meet the needs of the terminally ill resident, or the terminally ill person to be accepted as a resident, and is in substantial compliance with regulations governing the operation of residential care facilities for the elderly.

(4) The hospice has agreed to design and provide for care, services, and necessary medical intervention related to the terminal illness as necessary to supplement the care and supervision provided by the facility.

(5) An agreement has been executed between the facility and the hospice regarding the care plan for the terminally ill resident or terminally ill person to be accepted as a resident. The care plan shall designate the primary caregiver, identify other caregivers, and outline the tasks the facility is responsible for performing and the approximate frequency with which they shall be performed. The care plan shall specifically limit the facility's role for care and supervision to those tasks allowed under this chapter.

(6) The facility has obtained the agreement of those residents who share the same room with the terminally ill resident, or any resident who will share a room with the terminally ill person to be accepted as a resident, to allow the hospice caregivers into their residence.

(b) At any time that the licensed hospice, the facility, or the terminally ill resident determines that the resident's condition has changed so that continued residence in the facility will pose a threat to the health and safety to the terminally ill resident or any other resident, the facility may initiate procedures for a transfer.

(c) A facility that has obtained a hospice waiver from the department pursuant to this section need not call emergency response services at the time of a life-threatening emergency if the hospice agency is notified instead and all of the following conditions are met:

(1) The resident is receiving hospice services from a licensed hospice agency.

(2) The resident has completed an advance directive, as defined in Section 4605 of the Probate Code, requesting to forego resuscitative measures.

(3) The facility has documented that facility staff have received training from the hospice agency on the expected course of the resident's illness and the symptoms of impending death.

(d) Nothing in this section is intended to expand the scope of care and supervision for a residential care facility for the elderly as defined in this act, nor shall a facility be required to alter or extend its license in order to retain a terminally ill resident or allow a terminally ill person to become a resident of the facility as authorized by this section.

(e) Nothing in this section shall require any care or supervision to be provided by the residential care facility for the elderly beyond that which is permitted in this chapter.

(f) Nothing in this section is intended to expand the scope of life care contracts or the contractual obligation of continuing care retirement communities as defined in Section 1771.

(g) The department shall not be responsible for the evaluation of medical
services provided to the resident by the hospice and shall have no liability for the independent acts of the hospice.

(h) Nothing in this section shall be construed to relieve a licensed residential care facility for the elderly of its responsibility to notify the appropriate fire authority of the presence of a bedridden resident in the facility as required under subdivision (e) of Section 1569.72, and to obtain and maintain a fire clearance as required under Section 1569.149.

§ 1569.74. Request to forego resuscitative measures; policies to honor requests; conditions; facilities without established policies

(a) Licensed residential care facilities for the elderly that employ health care providers may establish policies to honor a request to forego resuscitative measures as defined in Section 4780 of the Probate Code.

(b) Any policy established pursuant to subdivision (a) shall meet all of the following conditions:

(1) The policy shall be in writing and specify procedures to be followed in implementing the policy.

(2) The policy and procedures shall, at all times, be available in the facility for review by the department.

(3) The licensee shall ensure that all staff are aware of the policy as well as the procedures to be followed in implementing the policy.

(4) A copy of the policy shall be given to each resident who makes a request to forego resuscitative measures and to the resident's primary physician.

(5) A copy of the resident’s request to forego resuscitative measures shall be maintained in the facility and shall be immediately available for review by facility staff, the licensed health care provider, and the department.

(6) Facility staff are prohibited, on behalf of any resident, from signing any directive document as a witness or from being the legally recognized surrogate decision maker.

(7) The facility shall provide the resident's physician with a copy of the resident's request to forego resuscitative measures form.

(c) Any action by a facility that has established policies pursuant to subdivision (a), to honor a resident’s request to forego resuscitative measures as provided for in subdivision (a) may only be taken in either of the following ways:

(1) By a licensed health care provider who is employed by the facility and on the premises at the time of the life threatening emergency.

(2) By notifying, under those conditions specified in subdivision (c) of Section 1569.73, the hospice agency that is caring for a resident receiving hospice services.

(d) Licensed residential care facilities for the elderly that have not established policies pursuant to subdivision (a), may keep an executed request to forego resuscitative measures form in the resident's file and present it to an emergency medical technician or paramedic when authorized to do so in writing by the resident or his or her legally recognized surrogate decision maker. The request may be honored by an emergency medical technician or by any health care provider as defined in Section 4621 of the Probate Code, who, in the course of professional or volunteer duties,
responds to emergencies.

ARTICLE 7.5. Resident Participation in Decision making

§ 1569.80. Care and services decision making; meeting; written record

(a) A resident of a residential care facility for the elderly, or the resident's representative, or both, shall have the right to participate in decision making regarding the care and services to be provided to the resident. Accordingly, prior to, or within two weeks after, the resident's admission, the facility shall coordinate a meeting with the resident and the resident's representative, if any, an appropriate member or members of the facility's staff, if the resident is receiving home health services in the facility, a representative of the home health agency involved, and any other appropriate parties. The facility shall ensure that participants in the meeting prepare a written record of the care the resident will receive in the facility, and the resident's preferences regarding the services provided at the facility.

(b) Once prepared, the written record described in subdivision (a) shall be used by the facility, and, if applicable pursuant to Section 1569.725, the home health agency, to determine the care and services provided to the resident. If the resident has a regular physician, the written record shall be sent by the facility to that physician.

(c) The written record described in subdivision (a) shall be reviewed, and, if necessary, revised, at least once every 12 months, or upon a significant change in the resident's condition, as defined by regulations, whichever occurs first. The review shall take place at a meeting coordinated by the facility, and attended by the resident, the resident's representative, if any, an appropriate member or members of the facility's staff, and, if the resident is receiving home health services in the facility, a representative from the home health agency involved.

(d) This section shall not preclude a residential care facility for the elderly or home health agency from satisfying other state or federal obligations at a meeting required by subdivision (a) or (c).

(e) If the residential care facility for the elderly is a continuing care retirement community, as defined in paragraph (10) of subdivision (c) of Section 1771, this section shall apply only to residents who require care and supervision, as defined in subdivision (b) of Section 1569.2.

ARTICLE 8. Local Regulation

§ 1569.82. Legislative declaration; Application of article; “six or fewer persons” defined

The Legislature hereby declares that it is the policy of this state that each county and city shall permit and encourage the development of sufficient numbers of residential care facilities for the elderly as are commensurate with local need.

This article shall apply equally to any chartered city, general law city, county, city and county, district, and any other local public entity.

For the purposes of this article, "six or fewer persons" does not include the licensee or members of the licensee's family or persons employed as facility staff.
§ 1569.83. **Persons entitled to invocation of this article; suit for invocation of article**

Any person licensed under this chapter who operates, or proposes to operate a residential care facility for the elderly, the department or other public agency authorized to license the facility, or any public or private agency which uses or may use the services of the facility to place its clients, may invoke this article.

This section shall not be construed to prohibit any interested party from bringing suit to invoke this article.

§ 1569.84. **Facility serving six or fewer persons; exemption from certain taxes and fees**

A residential care facility for the elderly, which serves six or fewer persons shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other family dwellings of the same type in the same zone are not likewise subject. Nothing in this section shall be construed to forbid the imposition of local property taxes, fees for water service and garbage collection, fees for inspections not prohibited by Section 1569.85, local bond assessments, and other fees, charges, and assessments to which other family dwellings of the same type in the same zone are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee for enforcing fire inspection regulations pursuant to state law or regulation or local ordinance, with respect to residential care facilities for the elderly which service six or fewer persons.

For the purposes of this section, “family dwelling,” includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned unit developments.

§ 1569.85. **Facility serving six or fewer persons; consideration as residential use; application of local regulations**

Whether or not unrelated persons are living together, a residential care facility for the elderly which serves six or fewer persons shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of the facility shall be considered a family for the purposes of any law or zoning ordinance which relates to the residential use of property pursuant to this article.

For the purpose of all local ordinances, a residential care facility for the elderly which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution or home for the care of the aged, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the residential care facility for the elderly is a business run for profit or differs in any other way from a family dwelling.

This section shall not be construed to forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or
placement of signs of a residential care facility for the elderly which serves six or fewer persons as long as the restrictions are identical to those applied to other family dwellings of the same type in the same zone.

This section shall not be construed to forbid the application to a residential care facility for the elderly of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity if the ordinance does not distinguish residential care facilities for the elderly which serve six or fewer persons from other family dwellings of the same type in the same zone; and if the ordinance does not distinguish residents of the residential care facilities for the elderly from persons who reside in other family dwellings of the same type in the same zone.

No conditional use permit, zoning variance, or other zoning clearance shall be required of a residential care facility for the elderly which serves six or fewer persons which is not required of a family dwelling of the same type in the same zone.

Use of a family dwelling for purposes of a residential care facility for the elderly serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section is intended to supersede Section 13143 or 13143.6, to the extent these sections are applicable to residential care facilities for the elderly providing care for six or fewer residents.

For the purposes of this section, "family dwelling," includes, but is not limited to, single-family dwellings, units in multifamily dwellings, including units in duplexes and units in apartment dwellings, mobilehomes, including mobilehomes located in mobilehome parks, units in cooperatives, units in condominiums, units in townhouses, and units in planned unit developments.

§ 1569.86. Denial of fire inspection clearance or other permit for failure to comply with local ordinances; prohibition

No fire inspection clearance or other permit, license, clearance, or similar authorization shall be denied to a residential care facility for the elderly because of a failure to comply with local ordinances from which the facilities are exempt under Section 1569.85, provided that the applicant otherwise qualifies for the fire clearance, license, permit, or similar authorization.

§ 1569.87. Facility serving six or fewer persons; consideration as residential use for purposes of transfer of real property

For the purposes of any contract, deed, or covenant for the transfer of real property executed on or after January 1, 1979, a residential facility for the elderly which serves six or fewer persons shall be considered a residential use of property and a use of property by a single family, notwithstanding any disclaimers to the contrary.
ARTICLE 9. Admission Agreements

1569.880. Admission agreements to residential care facilities; definitions

(a) For purposes of this section, an "admission agreement" includes all documents that a resident or his or her representative must sign at the time of, or as a condition of, admission to a residential care facility for the elderly licensed under this chapter.

(b) The admission agreement shall not include any written attachment containing any provision that is prohibited from being included in the admission agreement.

1569.881. Availability of blank copies of admission agreements to public; posting of agreement.

(a) Every residential care facility for the elderly shall make blank complete copies of its admission agreement available to the public immediately, subject to time required for copying or mailing, at cost, upon request.

(b) Every residential care facility for the elderly shall conspicuously post in a location accessible to the public view within the facility either a complete copy of the admission agreement, or a notice of its availability from the facility.

1569.882. Required specifications of residential care facility admission agreements

(a) The admission agreement shall be printed in black type of not less than 12-point type size, on plain white paper. The print shall appear on one side of the paper only.

(b) The admission agreement shall be written in clear, coherent, and unambiguous language, using words with common and everyday meanings. It shall be appropriately divided, and each section shall be appropriately captioned.

1569.883. Inclusion of unlawful waivers or other provisions in admission agreements

(a) The admission agreement shall not include unlawful waivers of facility liability for the health and safety or personal property of residents.

(b) The admission agreement shall not include any provision that the facility knows or should know is deceptive, or unlawful under state or federal law.

1569.884. Contents of residential care facility admission agreements

The admission agreement shall include all of the following:
(a) A comprehensive description of any items and services provided under a single fee, such as a monthly fee for room, board, and other items and services.

(b) A comprehensive description of, and the fee schedule for, all items and services not included in a single fee. In addition, the agreement shall indicate that the resident shall receive a monthly statement itemizing all separate charges incurred by the resident.

(c) A facility may assess a separate charge for an item or service only if that separate charge is authorized by the admission agreement. If additional services are available through the facility to be purchased by the resident that were not available at the time the admission agreement was signed, a list of these services and charges shall be provided to the resident or the resident's representative. A statement acknowledging the acceptance or refusal to purchase the additional services shall be signed and dated by the resident or the resident's representative and attached to the admission agreement.

(d) An explanation of the use of third-party services within the facility that are related to the resident's service plan, including, but not limited to, ancillary, health, and medical services, how they may be arranged, accessed, and monitored, any restrictions on third-party services, and who is financially responsible for the third-party services.

(e) A comprehensive description of billing and payment policies and procedures.

(f) The conditions under which rates may be increased pursuant to Section 1569.655.

(g) The facility's policy concerning family visits and other communication with residents, pursuant to Section 1569.313.

(h) The facility's policy concerning refunds.

(i) Conditions under which the agreement may be terminated.

(j) An explanation of the facility's responsibility to prepare a relocation evaluation, for each resident and a closure plan and to provide notice in the case of an eviction pursuant to Section 1569.682.

1569.885. Facility rules; procedures for suggesting rules changes; grievance procedure for resident complaints; residents’ right to contact State Department of Social Services

(a) When referring to a resident's obligation to observe facility rules, the admission agreement shall indicate that the rules must be reasonable, and that there is a facility procedure for suggesting changes in the rules. A facility rule shall not violate any right set forth in this article or in other applicable laws and regulations.

(b) The admission agreement shall specify that a copy of the facility grievance procedure for resolution of resident complaints about facility practices shall be made available to the resident or his or her representative.

(c) The admission agreement shall inform a resident of the right to contact the State Department of Social Services, the long-term care ombudsman, or both, regarding grievances against the facility.

(d) A copy of any applicable resident's rights specified by law or regulation shall be an attachment to all admission agreements.

(e) The statement of resident’s rights attached to admissions agreements by a
residential care facility for the elderly shall include information on the reporting of suspected or known elder and dependent adult abuse, as set forth in Section 1569.889.

1569.886. Inclusion in admission agreements of grounds for involuntary transfer or evictions of residents; exceptions; justification and explanation of right to notice; rights and responsibilities upon eviction pursuant to Section 1569.682.

(a) The admission agreement shall not include any ground for involuntary transfer or eviction of the resident unless those grounds are specifically enumerated under state law or regulation.
(b) The admission agreement shall list the justifications for eviction permissible under state law or regulation, exactly as they are worded in the applicable law or regulation.
(c) The admission agreement shall include an explanation of the resident’s right to notice prior to an involuntary transfer, discharge, or eviction, the process by which the resident may appeal the decision and a description of the relocation assistance offered by the facility.
(d) The admission agreement shall state the responsibilities of the licensee and the rights of the resident when a facility evicts residents pursuant to Section 1569.682.

1569.887. Signature of resident on admission agreement; copy of agreement to go to resident or resident’s representative; review

(a) The admission agreement shall be signed and dated, acknowledging the contents of the document, by the resident or the resident’s representative.
(b) The licensee shall retain in the resident's file the original signed and dated initial agreement and all subsequent modifications.
(c) The licensee shall provide a copy of the signed and dated admission agreement to the resident or the resident's representative, if any.
(d) The admission agreement shall be reviewed at the time of the compliance visit and in response to a complaint involving the admission agreement.

§ 1569.888. Application and intent of article

(a) The requirements of this article relating to admission agreements for residential care facilities for the elderly are intended to be in addition to, and not exclusive of, any other requirements established by state law or regulation.
(b) This article shall not apply to licensees of residential care facilities for the elderly that have obtained a certificate of authority to offer continuing care contracts, as defined in paragraph (5) of subdivision (c) of Section 1771.

§ 1569.889. Personal rights form; procedures for reporting elder abuse; regulations

(a) The personal rights form made available by the department’s Community.
(b) Care Licensing Division to residential care facilities for the elderly shall include a statement regarding procedures for reporting known or suspected elder and dependent adult abuse, including the toll-free telephone number of the State Long-Term Care Ombudsman’s CRISISline and a blank space for the telephone number of the nearest approved organization for long-term care ombudsperson activities. A residential care facility for the elderly shall insert in the form’s blank space the telephone number of the nearest approved organization for long-term care ombudsperson activities.

(c) The department’s Community Care Licensing Division shall adopt or amend any regulation and revise any document or policy as necessary to implement this section.

Business and Professions Code

§ 680. Name tags for health care practitioners; display

(a) Except as otherwise provided in this section, a healthcare practitioner shall disclose, while working, his or her name and practitioner's license status, as granted by this state, on a nametag in at least 18-point type. A health care practitioner in a practice or an office, whose license is prominently displayed, may opt to not wear a name tag. If a health care practitioner or a licensed clinical social worker is working in a psychiatric setting or in a setting that is not licensed by the state, the employing entity or agency shall have the discretion to make an exception from the name tag requirement for individual safety or therapeutic concerns. In the interest of public safety and consumer awareness, it shall be unlawful for any person to use the title "nurse" in reference to himself or herself and in any capacity, except for an individual who is a registered nurse or a licensed vocational nurse, or as otherwise provided in Section 2800. Nothing in this section shall prohibit a certified nurse assistant from using his or her title.

(b) Facilities licensed by the State Department of Social Services, the State Department of Mental Health, or the State Department of Health Services shall develop and implement policies to ensure that health care practitioners providing care in those facilities are in compliance with subdivision (a). The State Department of Social Services, the State Department of Mental Health, and the State Department of Health Services shall verify through periodic inspections that the policies required pursuant to subdivision (a) have been developed and implemented by the respective licensed facilities.

(c) For purposes of this article, "health care practitioner" means any person who engages in acts that are the subject of licensure or regulation under this division or under any initiative act referred to in this division.
Probate Code

§ 4605.  Advance health care directive

"Advance health care directive" or "advance directive" means either an individual health care instruction or a power of attorney for health care.

[Health and Safety Code Section 1569.74(a) refers to Probate Code Section 4753(b) for the definition of a request to forego resuscitative measures. That definition is now found in Probate Code Section 4605.]

Welfare and Institutions Code

§ 15655.  Training on elder and dependent adult abuse; long term health care facility, community care facility and residential care facility for the elderly; facility review

(a)(1) Each long-term health care facility, as defined in Section 1418 of the Health and Safety Code, community care facility, as defined in Section 1502 of the Health and Safety Code, or residential care facility for the elderly, as defined in Section 1569.2 of the Health and Safety Code, that provides care to adults shall provide training in recognizing and reporting elder and dependent adult abuse, as prescribed by the Department of Justice. The Department of Justice shall, in cooperation with the State Department of Health Services and the State Department of Social Services, develop a minimal core training program for use by these facilities. As part of that training, long-term care facilities, including nursing homes and out-of-home care facilities, shall provide to all staff being trained a written copy of the reporting requirements and a written notification of the staff's confidentiality rights as specified in Section 15633.

(2) Each long-term health care facility as defined in Section 1418 of the Health and Safety Code and each community care facility as defined in Section 1502 of the Health and Safety Code shall comply with paragraph (1) by January 1, 2001, or, if the facility began operation after July 31, 2000, within six months of the date of the beginning of the operation of the facility. Employees hired after June 1, 2001, shall be trained within 60 days of their first day of employment.

(3) Each residential care facility as defined in Section 1569.2 of the Health and Safety Code shall comply with paragraph (1) by July 1, 2002, or, if the facility began operation after July 1, 2002, within six months of the date of the beginning of the operation of the facility. Employees hired on or after July 1, 2002, shall be trained within 60 days of their first day of employment.

(b) Each long-term health care facility, as defined in Section 1418 of the Health and Safety Code, shall be subject to review by the State Department of Health Services Licensing and Certification Unit for compliance with the duties imposed in subdivision (a).

(c) Each community care facility, as defined in Section 1502 of the Health and Safety Code, and residential care facility for the elderly, as defined in Section 1569.2 of the Health and Safety Code, shall be subject to review by the State Department of
Social Services Community Care Licensing Unit for compliance with the duties imposed in subdivision (a).
